NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E., " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly De- " posit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Pal- " myras, the lighter material of which being car- " ried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand " or minute gravel of a reddish or rusty brown " color.

" The b[illegible] guide therefore to enable a Vessel " to direct her [illegible]e from Table Point to the " Vessel at the Ne[illegible]tion, will be to run down " the edge of the " [illegible] Ridge," which can " readily be done by making the Light House, " and bringing it to bear about [illegible] W. or " S. W. by W. distant by computation fr[illegible] to " 15 miles, then steering to the E. N. E [illegible]d " having gradually increased the depth of [illegible] " to 23 fms. upon the Eastern Edge of the Rid[illegible] " regulate the course to keep between it and [illegible] " fms. when by attention to the lead and natu[illegible] " of the soundings, course and distance run fro[illegible] " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits a[illegible] " kept within) either by getting too far to Win[illegible] " ward or falling to Leeward; for the sounding[illegible] " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance [illegible] the Westward of [illegible]

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

C. B. GREENLAW,

Secretary.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Lat. 20° 19½′ "N. and Long. 86° 47′ E., and the South Channel "Buoy in Lat. 25° 59′ N. and Long. 88° 4′ E., "and bears from the Light House N. 61° E. true, "or N. E. by E. ¼ E. by Compass, distant 83 miles "and is laid 12 fms.

"A Bank of Soundings extends from off Point "Palmyras in a direction towards the tail of the "Western Sea Reef, and the nature of the bottom "(as distinguished from that of the Hooghly De-"posit which is Sand and Mud with shining "specks) is a gravelly substance composed of "Sand Shells and small Pebbles discharged from "the "Kunka," and other Rivers near Point Pal-"myras, the lighter material of which being car-"ried further out, is deposited, and forms what is "called the 'Pilot's Ridge,' which in crossing to "the N. Wd., shews a little less water than "either side In coming from Seaward you Sh "rather suddenly from 28 to 23 fms. upon i "Eastern Edge. It is composed of a shelly sand "or minute gravel of a reddish or rusty brown "color.

"The best guide therefore to enable a Vessel "to direct her course from Table Point to the "Vessel at the New Station, will be to run down "the edge of the "Pilot's Ridge," which can "readily be done by making the Light House, "and bringing it to bear about W. S. W. or "S. W. by W. distant by computation from 10 to "15 miles, then steering to the E. N. Ed., and "having gradually increased the depth of water "to 23 fms., upon the Eastern Edge of the Ridge, "regulate the course to keep between it and 27 "fms. when by attention to the lead and nature "of the soundings, course and distance run from "the Light House, it is almost impossible to "miss the Pilot Vessels (if the above limits are "kept within) either by getting too far to Wind-"ward or falling to Leeward; for the soundings "increase so rapidly to Seaward from the propos-"ed New Station, that 28 fms. will not be more "than 3 or 4 miles to the Southward of it, and "23 fms. the same distance to the Westward of it.

"The soundings to Seaward of the Ridge are "in general a greenish or olive coloured mud, "with occasionally a few bits of broken Shells "mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred du the S. W. Monsoon, whereby the Outer Fl Light was more than once compelled to le Station for repairs to the great inconvenie risk of Vessels entering and quitting the

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE

[illegible] the Pilot Station for the River [illegible] during the S. W. Monsoon [illegible] the year 1843, *&c.*

[illegible]rience of a second season's trial of the [illegible] Station off the South Channel [illegible] be made by Vessels [illegible] with [illegible]reatest facility, and that [illegible] be rep[illegible] supplied, and the same [illegible]xisting which during last S. W. Monso[illegible] [illegible]ed necessary the removal of the Pil[illegible] Point Palmyras to [illegible]osition about [illegible]es S. W. [illegible]W. of th[illegible] Outer Floating [illegible] 88° 03′ E., and in [illegible]—Notice is hereby [illegible] will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Lat. 20° 19½′ "N. and Long. 86° 47′ E., and the South Channel "Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E, "and bears from the Light House N. 61° E. true, "or N. E. by E. ¼ E. by Compass, distant 83 miles "and is laid 12 fms.

"A Bank of Soundings extends from off Point "Palmyras in a direction towards the tail of the "Western Sea Reef, and the nature of the bottom "(as distinguished from that of the Hooghly De-"posit which is Sand and Mud with shining "specks) is a gravelly substance composed of "Sand Shells and small Pebbles discharged from "the "Kunka," and other Rivers near Point Pal-"myras, the lighter material of which being car-"ried further out, is deposited, and forms what is "called the 'Pilot's Ridge,' which in crossing to "the N. Wd., shews a little less water than on "either side In coming from Seaward you Shoal, "rather suddenly from 28 to 23 fms. upon its "Eastern Edge. It is composed of a shelly sand "or minute gravel of a reddish or rusty brown "color.

"The best guide therefore to enable a Vessel "to direct her course from Table Point to the "Vessel at the New Station, will be to run down "the edge of the "Pilot's Ridge," which can "readily be done by making the Light House, "and bringing it to bear about W. S. W. or "S. W. by W. distant by computation from 10 to "15 miles, then steering to the E. N. Ed., and "having gradually increased the depth of water "to 23 fms. upon the Eastern Edge of the Ridge,

"regulate the course to keep between it and 27 "fms. when by attention to the lead and nature "of the soundings, course and distance run from "the Light House, it is almost impossible to "miss the Pilot Vessels (if the above limits are "kept within) either by getting too far to Wind-"ward or falling to Leeward; for the soundings "increase so rapidly to Seaward from the propos-"ed New Station, that 28 fms. will not be more "than 3 or 4 miles to the Southward of it, and "23 fms. the same distance to the Westward of it.

"The soundings to Seaward of the Ridge are "in general a greenish or olive coloured mud, "with occasionally a few bits of broken Shells "mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

By order of the Superintendent of Marine,

C. B. GREENLAW,

Secretary.

Fort William,

rigor which the importance of the subject would have warranted. It knew the good disposition of the late Maharaja, and was willing to attribute his failure to effect what was right to the want of Power rather than of Will.

But the recent occurrences at Gwalior, and the changed spirit in which the administration has been conducted, no longer permit the continuance of this forbearance. The British Government must now peremptorily insist upon the adoption of permanent measures for the establishment of order upon the frontier, and for the future security of its subjects.

The British Government has so long deferred intervention in the distracted affairs of the Gwalior State, in the sincere hope that the Chiefs themselves would establish, in supercession of the disgraceful rule to which they have recently submitted, an administration willing and able to satisfy its reasonable demands, and to maintain the accustomed friendly relations between the two States.

The British Government can neither permit the existence of an unfriendly Government within the territories of Scindiah, nor that those territories should be without a Government capable of coercing its own subjects, and of maintaining every where the relations of good neighbourhood with the subjects of the British Government and its Allies.

The deplorable events which have last occurred, at Gwalior, the hostile conflicts in the Camp before the palace of the Maharaja, and the practical suspension of all Government in His Highness' territories, now impose upon the British Government the duty of intervention, not solely for the security of British interests, but for the execution, according to its true spirit and intentions, of the solemn engagement of a Treaty.

By the Treaty of Boorhanpoor contracted with the Maharaja Dowlut Rao Scindiah, the British Government engaged to maintain a force to be at all times ready on the requisition of the Maharaja, to protect the person of the Maharaja, his heirs and successors, to overawe and chastise rebels or exciters of disturbance in His Highness' territories, and to reduce to obedienee all offenders against His Highness' authority.

The tender age and the helpless position of the present Maharaja render it impossible for him to address to the British Government such form or requisitions for aid as circumstances would justify him in demanding, and compel him to demand under the provisions of the Treaty of Boorhanpoor; but it would be inconsistent with the good faith, and injurious to the good name of the British Government, were it to permit this inability to demand aid, which only gives the Maharaja new claims upon its protection, to deprive His Highness of that friendly support in its utmost need which it was the intention of Maharaja Dowlut Rao Scindiah to secure for ever by that Treaty, to himself, his heirs, and successors.

The Governor General will therefore direct the immediate advance of forces amply sufficient to effect all the just purposes of the British Government—to obtain guarantees for the future security of its own subjects on the common frontier of the two States, to protect the person of the Maharaja, to quell disturbances within His Highness' territories, and to chastise all who shall remain in disobedience.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
With the Governor General.

Camp Hingonah, the 25th December, 1843.

The British Army has entered the Territory of Scindiah, not as an Enemy, but as a Friend to the Maharajah, bound by Treaty to protect His Highness' person, and to maintain his Sovereign authority against all who are disobedient and disturbers of the Peace.

The Governor General has no object but that of seeing re-established in the Territories of Scindiah a strong Government, willing and able to preserve the accustomed relations of Friendship with the British Government and its Allies, a Government which may at all times do justice to the Army as well as to the people, but command both for the good of all.

The Governor General cautions the evil advisers of the Maharanee, that they will themselves be held responsible for any resistance which may be offered to the measures deemed to be necessary for the establishment of the Maharaja's just authority, and for the security of his person and rights.

By order of the Right Hon'ble the Governor General of India,

F. CURRIE,
Secy. to the Govt. of India,
With the Governor General.

Camp Hingonah, 27th December, 1843.

The British Armies have entered the dominions of Scindiah as the Friends and Allies of the Maharajah, whose person and whose rights the British Government is bound by Treaty to protect.

The British Government desires only to establish the just authority of the Maharajah over all his subjects, and to place upon firmer and permanent foundations that friendship between the two States, which, for their mutual benefit, has existed so long, and which, not the British Government, but the evil disposed Advisers of the Maha Ranee have now interrupted.

The British Government knows only as enemies those who oppose its Armies, and are disobedient to the Maharajah and disturbers of peace.

The Armies will regard and treat as fr[illegible] peaceful Cultivators and Traders. The[illegible] for all supplies brought to the Camp, [illegible] pensation for all injury unintentionall[illegible] property, and injure no one but such a[illegible] tilely.

[illegible]ng the Pilot Station for the River [illegible]ghly during the S. W. Monsoon [illegible] of the year 1843, *&c.*

[illegible]ce of a second season's trial of the [illegible] Station off the South Channel [illegible]d that it can be made by Vessels [illegible]ith the greatest facilit[illegible] and that [illegible]lily [illegible]d, and [illegible]he same [illegible] last S. W. Monsoon [illegible] the [illegible]al of the Pilot Sta- [illegible] Palmyras to a position about [illegible]. W. of the Outer Flo[illegible] N. L[illegible] 88° [illegible] E., and in [illegible] water—N[illegible] is hereby [illegible] will in future be [illegible]n, viz. from 15th

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Lat. 20° 19½′ "N. and Long. 86° 47′ E., and the South Channel "Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E., "and bears from the Light House N. 61° E. true, "or N. E. by E. ¼ E. by Compass, distant 83 miles "and is laid 12 fms.

"A Bank of Soundings extends from off Point "Palmyras in a direction towards the tail of the "Western Sea Reef, and the nature of the bottom "(as distinguished from that of the Hooghly De- "posit which is Sand and Mud with shining "specks) is a gravelly substance composed of "Sand Shells and small Pebbles discharged from "the "Kunka," and other Rivers near Point Pal- "myras, the lighter material of which being car- "ried further out, is deposited, and forms what is "called the 'Pilot's Ridge,' which in crossing to "the N. Wd., shews a little less water than on "either side. In coming from Seaward you Shoal "rather suddenly from 28 to 23 fms. upon its "Eastern Edge. It is composed of a shelly sand "or minute gravel of a reddish or rusty brown "color.

"The best guide therefore to enable a Vessel "to direct her course from Table Point to the "Vessel at the New Station, will be to run down "the edge of the "Pilot's Ridge," which can "readily be done by making the Light House, "and bringing it to bear about W. S. W. or "S. W. by W. distant by computation from 10 to "15 miles, then steering to the E. N. Ed., and

" having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Wind- " ward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

"False Point Light House is in Lat. 20° 19½′ "N. and Long. 86° 47′ E., and the South Channel "Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E, "and bears from the Light House N. 61° E. true, "or N. E. by E. ¼ E. by Compass, distant 83 miles "and is laid 12 fms.

"A Bank of Soundings extends from off Point "Palmyras in a direction towards the tail of the "Western Sea Reef, and the nature of the bottom "(as distinguished from that of the Hooghly De-"posit which is Sand and Mud with shining "specks) is a gravelly substance composed of "Sand Shells and small Pebbles discharged from "the "Kunka," and other Rivers near Point Pal-"myras, the lighter material of which being car-"ried further out, is deposited, and forms what is "called the 'Pilot's Ridge,' which in crossing to "the N. Wd., shews a little less water than on "either side In coming from Seaward you Shoal "rather suddenly from 28 to 23 fms. upon its "Eastern Edge. It is composed of a shelly sand "or minute gravel of a reddish or rusty brown "color.

"The best guide therefore to enable a Vessel "to direct her course from Table Point to the "Vessel at the New Station, will be to run down "the edge of the "Pilot's Ridge," which can "readily be done by making the Light House, "and bringing it to bear about W. S. W. or "S. W. by W distant by computation from 10 to "15 miles, then steering to the E. N. Ed., and "having gradually increased the depth of water "to 23 fms. upon the Eastern Edge of the Ridge, "regulate the course to keep between it and 27 "fms. when by attention to the lead and nature "of the soundings, course and distance run from "the Light House, it is almost impossible to "miss the Pilot Vessels (if the above limits are "kept within) either by getting too far to Wind-"ward or falling to Leeward; for the soundings "increase so rapidly to Seaward from the propos-"ed New Station, that 28 fms. will not be more "than 3 or 4 miles to the Southward of it, and "23 fms. the same distance to the Westward of it.

"The soundings to Seaward of the Ridge are "in general a greenish or olive coloured mud, "with occasionally a few bits of broken Shells "mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon* alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoidin[illegible] collision by [illegible] by day—a[illegible] municating with either of the above V[illegible] at anchor or hove too, when it is nece[illegible] cross her to pass under the Stern; sev[illegible] stances of serious damage having occur[illegible] the S. W. Monsoon, whereby the Outer [illegible] Light was more than once compelled to leave [illegible] Station for repairs to the great inconvenience and risk of Vessels entering and qu[illegible] the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

By order of the Superinten[illegible] Marine,
C. B. GR[illegible]LAW,
Secretary.

An Act for better securing the observance of an Exact Discipline in the Indian Navy.

I. Whereas by an Act of the British Parliament passed in the Session held in the 3d and 4th years of His late Majesty King William the 4th, intituled "An Act for effecting an arrangement with the East India Company, and for the better Government of His Majesty's Indian Territories till the 30th day of April 1854"—It is among other things enacted, that the Governor General of India in Council shall have power to make Laws and Regulations for repealing, amending or altering any Laws or Regulations whatever then in force, or thereafter to be in force in the said Territories, or any part thereof, and to make Laws and Regulations for all persons whether British or Native Foreigners, or others, and for all Courts of Justice whether established by His Majesty's Charters [illegible]therwise, and the jurisdiction thereof, and for all [illegible] and things whatsoever within and throughout [illegible]ole or any part of the said Territories, and for all [illegible]vants of the said Company within the dominions of Princes and States in alliance with the said Company, save and except that the said Governor General in Council shall not have the power of making any Laws or Regulations which shall in any way repeal, vary, suspend or affect any of the provisions of the now reciting Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the Service of His Majesty or the said Company, or any provisions of any Act thereafter to be passed in anywise affecting the said Company, or the said Territories or the Inhabitants thereof, or any Laws [illegible] Regulations which shall in any way affect any Prerogative of [illegible]rown or the Authority of Parliament, or the [illegible]n or rights of the said Company, or any [illegible] unwritten Laws or Constitution of the [illegible] Great Britain and Ireland, [illegible] in any degree the allegiance of [illegible]nited Kingdom, or [illegible] be said Crown over [illegible]

[illegible]d enacted, that in [illegible] the said Company, [illegible] now reciting Act is [illegible]d Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all Laws and Regulations so disallowed. And it is also provided and enacted, that all Laws and Regulations made as aforesaid so long as they shall remain unrepealed shall be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and shall be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any Public Act of Parliament would and ought to be taken notice of, and it shall not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council. And it is thereby also provided and enacted, that it shall not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power shall be given to any Courts of Justice other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death, any of His Majesty's natural born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

And whereas by another Act passed in the Session held in the 3d and 4th years of the Reign of Her present Majesty, intituled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of Discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental debts and the distribution of the Effects of Officers and Soldiers dying in Service," reciting that the said Company for the safety and protection of the Territories under their Government in addition to their Land Forces maintain a Marine Establishment theretofore called "The Bombay Marine," but then called "The Indian Navy;" and that by an Act passed in the 9th year of the Reign of King George the 4th, intituled "An Act to extend the provisions of the East India Mutiny Act to the Bombay Marine," reciting an Act of the 4th year of King George the 4th, and that it was expedient that discipline should be enforced in the said Marine Establishment in the manner provided by the said Act of the 4th year of King George the Fourth in respect to the other Forces of the said Company, it is enacted, that the provisions of the said Act of the 4th year of King George the 4th, and the Rules and Articles of War made and to be made by virtue thereof should extend and be applied to the Service of the "The Bombay Marine," and that all persons in the service of the said Company belonging to the said

Bombay Marine who should be Commissioned or in pay as Officers, or enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army should be to all intents and purposes liable to the provisions of the said Act of the 4th year of His Majesty King George the Fourth, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces, and reciting that it is expedient to provide other means for enforcing discipline in the said Marine Establishment called "The Indian Navy," it was amongst other things enacted that for the retaining the Forces of the said Establishment in their duty the Governor General of India in Council should have power to make Laws and Regulations for securing the observance of an exact discipline in the said Service called "The Indian Navy," and for bringing to a more exemplary and speedy punishment than the usual forms of the Law will allow, all Officers, Engineers, Soldiers, Marines, Seamen and all others belonging to the said Marine Establishment who should mutiny, or stir up sedition, or should desert the said Service, or should commit any other offence which in its nature would be cognizable by Court Martial under the now reciting Act, or which might be against good discipline in Naval Service in the same, and as full and ample manner to all intents and purposes as by virtue of the said Act passed in the Session held in the 3d and 4th years of the reign of his late Majesty King William the Fourth, the said Governor General in Council then had power to make any Laws and Regulations whatsoever, any thing in the said last mentioned Act, or any other Act or Acts to the contrary notwithstanding. And it was thereby provided and enacted, that in case the Court of Directors of the East India Company, under the control of the Board of Commissioners for the Affairs of India, should signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made by virtue of the now reciting Act, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council should forthwith repeal all Laws and Regulations so disallowed." And it was also provided and enacted that all Laws and Regulations made as aforesaid so long as they should remain unrepealed should be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and should be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any public Act of Parliament would and ought to be taken notice of, and it should not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council.

And it was also provided and enacted, that it should not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power should be given to any Court other than the Courts of Justice established by the Charters of the Crown, to sentence to the punishment of death any of Her Majesty's natural born subjects born in Europe or the children of such subjects.

And it was also provided and enacted, that until the said Governor General in Council should have made Laws and Regulations for the good Government of the said "Indian Navy" by virtue of the powers by the now reciting Act for that purpose given, all the provisions of the now reciting Act, and the Rules and Articles of War to be made by virtue thereof should extend and be applied to the said Marine Establishment called the "Indian Navy," and that all persons in the Service of the said Company belonging to the said Indian Navy who should be Commissioned or in pay as Officers, or Enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army, should be to all intents and purposes liable to the provisions of the now reciting Act, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces.

And whereas it is deemed expedient to place the Indian Navy under Articles and Orders as nearly similar as may be to those in force in Her Majesty's Navy, and the Court of Directors of the East India Company have given their previous sanction to the several enactments hereinafter contained, and to all and singular the Laws and Regulations hereby made. NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same [illegible] existing which during last S. W. Monsoon [illegible] necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if com[illegible] attention be paid to the Lead and to the following Dire[illegible]ns, prepared by Cap[illegible]n Lloyd, late Offg. [illegible] Surveyor Ge[illegible], after a careful Survey [illegible] two Points.

[illegible]ouse is in Lat. 20° 19½′ [illegible] South Channel [illegible]g. 88° 4′ E, [illegible]1° E. true, [illegible]3 miles [illegible] Point [illegible] of the

" Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly De- " posit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Pal- " myras, the lighter material of which being car- " ried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand " or minute gravel of a reddish or rusty brown " color.

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Wind- " ward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give as early and as much warning as possible by firing guns, burning blue

lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E., " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly De- " posit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Pal- " myras, the lighter material of which being car- " ried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side. In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand " or minute gravel of a reddish or rusty brown " color.

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible " miss the Pilot Vessels (if the above limits " kept within) either by getting too far to Wind- " ward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with [illegible]"

Vessels approaching the Station during the day are required to shew [illegible] usual signal [illegible] Pilot and by night to give [illegible] warning as possible by firing [illegible] lights and by exhibiting two [illegible] position, when [illegible] strictly enjoined [illegible] making [illegible]

To [illegible] Vessel is [illegible] Light [illegible] given,

one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E, " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly De- " posit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " the " Kunka," and other Rivers near Point Pal- " myras, the lighter material of which being car- " ried further out, is deposited, and forms what is " called the ' Pilot's Ridge,' which in crossing to " the N. Wd., shews a little less water than on " either side In coming from Seaward you Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand " or minute gravel of a reddish or rusty brown " color.

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Wind- " ward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

By order of the Superintendent of Marine,

C. B. GREENLAW,
Secretary.

HOME DEPARTMENT.

LEGISLATIVE.

THE 13TH JANUARY, 1844.

The Hon'ble the President in Council resolves that the following Draft of Act, approved by the Hon'ble the Court of Directors, and read in Council for the first time on the 13th January 1844, be published for general information.

ACT No. —— OF 1844.

An Act for better securing the observance of an Exact Discipline in the Indian Navy.

I. Whereas by an Act of the British Parliament passed in the Session held in the 3d and 4th years of His late Majesty King William the 4th, intituled "An Act for effecting an arrangement with the East India Company, and for the better Government of His Majesty's Indian Territories till the 30th day of April 1854"—It is among other things enacted, that the Governor General of India in Council shall have power to make Laws and Regulations for repealing, amending or altering any Laws or Regulations whatever then in force, or thereafter to be in force in the said Territories, or any part thereof, and to make Laws and Regulations for all persons whether British or Native Foreigners, or others, and for all Courts of Justice whether established by His Majesty's Charters or otherwise, and the jurisdiction thereof, and for all places and things whatsoever within and throughout the whole or any part of the said Territories, and for all Servants of the said Company within the dominions of Princes and States in alliance with the said Company, save and except that the said Governor General in Council shall not have the power of making any Laws or Regulations which shall in any way repeal, vary, suspend or affect any of the provisions of the now reciting Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the Service of His Majesty or the said Company, or any provisions of any Act thereafter to be passed in anywise affecting the said Company, or the said Territories or the Inhabitants thereof, or any Laws and Regulations which shall in any way affect any Prerogative of the Crown or the Authority of Parliament, or the constitution or rights of the said Company, or any part of the unwritten Laws or Constitution of the United Kingdom of Great Britain and Ireland, whereon may depend in any degree the allegiance of any person to the Crown of the United Kingdom, or the Sovereignty or Dominion of the said Crown over any part of the said Territories.

And it is thereby provided and enacted, that in case the Court of Directors of the said Company, under such control as by the now reciting Act is [illegible], shall signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all Laws and Regulations so disallowed. And it is also provided and enacted, that all Laws and Regulations made as aforesaid so long as they shall remain unrepealed shall be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and shall be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any Public Act of Parliament would and ought to be taken notice of, and it shall not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council. And it is thereby also provided and enacted, that it shall not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power shall be given to any Courts of Justice other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death, any of His Majesty's natural born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

And whereas by another Act passed in the Session held in the 3d and 4th years of the Reign of Her present Majesty, intituled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of Discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental debts and the distribution of the Effects of Officers and Soldiers dying in Service," reciting that the said Company for the safety and protection of the Territories under their Government in addition to their Land Forces maintain a Marine Establishment theretofore called "The Bombay Marine," but then called "The Indian Navy;" and that by an Act passed in the 9th year of the Reign of King George the 4th, intituled "An Act to extend the provisions of the East India Mutiny Act to the Bombay Marine," reciting an Act of the 4th year of King George the 4th, and that it was expedient that discipline should be enforced in the said Marine Establishment in the manner provided by the said Act of the 4th year of King George the Fourth in respect to the other Forces of the said Company, it is enacted, that the provisions of the said Act of the 4th year of King George the 4th, and the Rules and Articles of War made and to be made by virtue thereof should extend and be applied to the Service of "The Bombay Marine," and that all persons in the service of the said Company belonging to the said

Bombay Marine who should be Commissioned or in pay as Officers, or enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army should be to all intents and purposes liable to the provisions of the said Act of the 4th year of His Majesty King George the Fourth, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces, and reciting that it is expedient to provide other means for enforcing discipline in the said Marine Establishment called "The Indian Navy," it was amongst other things enacted that for the retaining the Forces of the said Establishment in their duty the Governor General of India in Council should have power to make Laws and Regulations for securing the observance of an exact discipline in the said Service called "The Indian Navy," and for bringing to a more exemplary and speedy punishment than the usual forms of the Law will allow, all Officers, Engineers, Soldiers, Marines, Seamen and all others belonging to the said Marine Establishment who should mutiny, or stir up sedition, or should desert the said Service, or should commit any other offence which in its nature would be cognizable by Court Martial under the now reciting Act, or which might be against good discipline in Naval Service in the same, and as full and ample manner to all intents and purposes as by virtue of the said Act passed in the Session held in the 3d and 4th years of the reign of his late Majesty King William the Fourth, the said Governor General in Council then had power to make any Laws and Regulations whatsoever, any thing in the said last mentioned Act, or any other Act or Acts to the contrary notwithstanding. And it was thereby provided and enacted, that in case the Court of Directors of the East India Company, under the control of the Board of Commissioners for the Affairs of India, should signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made by virtue of the now reciting Act, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council should forthwith repeal all Laws and Regulations so disallowed." And it was also provided and enacted that all Laws and Regulations made as aforesaid so long as they should remain unrepealed should be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and should be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any public Act of Parliament would and ought to be taken notice of, and it should not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council.

And it was also provided and enacted, that it should not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power should be given to any Court other than the Courts of Justice established by the Charters of the Crown, to sentence to the punishment of death any of Her Majesty's natural born subjects born in Europe or the children of such subjects.

And it was also provided and enacted, that until the said Governor General in Council should have made Laws and Regulations for the good Government of the said "Indian Navy" by virtue of the powers by the now reciting Act for that purpose given, all the provisions of the now reciting Act, and the Rules and Articles of War to be made by virtue thereof should extend and be applied to the said Marine Establishment called the "Indian Navy," and that all persons in the Service of the said Company belonging to the said Indian Navy who should be Commissioned or in pay as Officers, or Enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army, should be to all intents and purposes liable to the provisions of the now reciting Act, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces.

And whereas it is deemed expedient to place the Indian Navy under Articles and Orders as nearly similar as may be to those in force in Her Majesty's Navy, and the Court of Directors of the East India Company have given their previous sanction to the several enactments hereinafter contained, and to all and singular the Laws and Regulations hereby made. Now it is therefore hereby enacted, that from and after the day of the Articles and Orders hereinafter following as well in time of Peace as in time of War shall be duly observed and put in execution in manner hereinafter mentioned.

NOTICE

Touching the Pilot Station for the River Hooghly during the S. W. Monsoon of the year 1843, *&c.*

THE experience of a second season's trial of the new Pilot Station off the South Channel having established that it can be made by Vessels from False Point with the greatest facility, and that Pilots can also be readily supplied, and the same causes existing which during last S. W. Monsoon rendered necessary the removal of the Pilot Station from off Point Palmyras to a position about fifteen miles S. W. b. W. of the Outer Floating Light in Lat. 20° 56′ N. Long. 88° 03′ E., and in from 17 to 22 faths. water—Notice is hereby given, that this latter Station will in future be continued during S. W. Monsoon, viz. from 15th March to the 15th September.

No difficulty can possibly be felt in passing from False Point to the New Station, if common attention be paid to the Lead and to the following Directions, prepared by Captain Lloyd, late Offg. Marine Surveyor General, after a careful Survey of the ground between the two Points.

" False Point Light House is in Lat. 20° 19½′ " N. and Long. 86° 47′ E., and the South Channel " Buoy in Lat. 20° 59′ N. and Long. 88° 4′ E., " and bears from the Light House N. 61° E. true, " or N. E. by E. ¼ E. by Compass, distant 83 miles " and is laid 12 fms.

" A Bank of Soundings extends from off Point " Palmyras in a direction towards the tail of the " Western Sea Reef, and the nature of the bottom " (as distinguished from that of the Hooghly De- " posit which is Sand and Mud with shining " specks) is a gravelly substance composed of " Sand Shells and small Pebbles discharged from " [illegible] Kunka," and other Rivers near Point Pal- " myras, the lighter material of which being car- " ried further out, is deposited, and forms what is " called the 'Pilot's Ridge,' which in crossing to " the N. Wd., shews a [illegible] on " either side. In coming from Seaward [illegible] Shoal " rather suddenly from 28 to 23 fms. upon its " Eastern Edge. It is composed of a shelly sand " or minute gravel of a reddish or rusty brown

" The best guide therefore to enable a Vessel " to direct her course from Table Point to the " Vessel at the New Station, will be to run down " the edge of the " Pilot's Ridge," which can " readily be done by making the Light House, " and bringing it to bear about W. S. W. or " S. W. by W. distant by computation from 10 to " 15 miles, then steering to the E. N. Ed., and " having gradually increased the depth of water " to 23 fms. upon the Eastern Edge of the Ridge, " regulate the course to keep between it and 27 " fms. when by attention to the lead and nature " of the soundings, course and distance run from " the Light House, it is almost impossible to " miss the Pilot Vessels (if the above limits are " kept within) either by getting too far to Wind- " ward or falling to Leeward; for the soundings " increase so rapidly to Seaward from the propos- " ed New Station, that 28 fms. will not be more " than 3 or 4 miles to the Southward of it, and " 23 fms. the same distance to the Westward of it.

" The soundings to Seaward of the Ridge are " in general a greenish or olive coloured mud, " with occasionally a few bits of broken Shells " mixed with it."

Vessels approaching the Station during the day are required to shew the usual signal for a Pilot and by night to give *as* early and as much warning as possible by firing guns, burning blue lights and by exhibiting two lights in a vertical position, when best seen, but Commanders are strictly enjoined to avoid as much as possible making the Station during the night.

To mark the Station until a proper Light Vessel is built, of which due notice will be given, one of the Pilot Vessels will shew during the day a large St. George's Jack (white with red cross) at the Main Top Gallant Mast Head and a good Mast Head Light during the night, and will burn a Blue Light and a Maroon alternately every half hour and fire a gun at 8 P. M. at Midnight and at 4 A. M. Vessels approaching the Station and while there, as well as when approaching the *Light and Buoy Station Vessels, are warned to be careful in avoiding collision by night or by day—and in communicating with either of the above Vessels either at anchor or hove too, when it is necessary to cross her to pass under the Stern; several instances of serious damage having occurred during the S. W. Monsoon, whereby the Outer Floating Light was more than once compelled to leave her Station for repairs to the great inconvenience and risk of Vessels entering and quitting the River.

* The Light Vessels are directed when another Vessel is approaching during the night, shew a light at the Gaff end mark the way they are riding.

By order of the Superintendent of Marine,
C. B. GREENLAW,
Secretary.

NOTICE.

HOUSE ASSESSMENT.

HER Majesty's Justices of the Peace hereby proclaim and give notice to the owners and occupiers of Houses and Land in Calcutta, and to all others whom it may concern, that the practice hitherto adopted, in the Collection of the House Assessment of repeating demands, and of permitting arrears to accumulate, before enforcing the remedy by Law provided to compel payment from those who refuse or neglect to pay this Tax, (so essential to the comfort and health of the inhabitants of Calcutta,) is discontinued, and that henceforth all Assessments due and unpaid will be recovered and enforced without delay, and with the utmost rigour of the Law. One demand only of each sum Assessed will be made, upon failure to comply with which on or before the ninth day after such demand, the defaulting party will be forthwith proceeded against before a Justice of the Peace, by Summons, Warrant and Distraint.

BENGAL CIVIL FUND.

AT a Half-yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall, on Tuesday, 30th January 1844, at 11 o'Clock A. M.

PRESENT:

Messrs. C. Tucker, J. A. Dorin, Hon'ble R. Forbes, J. Hawkins, J. Muir, J. Lowis, F. Stainforth, T. R. Davidson, G. A. C. Plowden, E. Currie, W. M. Dirom, G. F. Cockburn, H. R. Alexander, J. F. M. Reid, E. Deedes, F. Millett, C. Davidson, and G. Adams (Hony. Secretary.)

C. Tucker, Esq., in the Chair.

The Managers of the past year were unanimously re-elected for 1844, namely, F. Millett, Esq., J. F. M. Reid, Esq., J. A. Dorin, Esq., E. Currie, Esq., and J. B. Thornhill, Esq.

The Statements prepared for the 3d Triennial Adjustment of the Fund under Clauses 3 and 4 of Article IV. of the Rules, according to which the Managers declared on the 15th instant, the continuance of the Extraordinary Cess of ¾th per Cent. on the public allowances of Subscribers for three further years from 1st January 1844, were laid upon the Table for the information of the Subscribers.

[Here follow the details of the admission of one family, Mrs. W. F. Thompson and 2 children, to the benefits of the Fund.]

Tables of Incumbents on the Fund—of the yearly "Admissions and Exclusions," and the annual "Increase and Decrease," were submitted. The Incumbents as on 1st January 1844, (including Mrs. W. F. Thompson and family) stand thus: Widows 63, Girls 88, Boys 61, Total 212. There appears to have been a net decrease in the List since last year of 8; for the Incumbents stood at 220 on the 1st January 1843.

☞ Note. There are however three families, consisting of five individuals, whose applications are still pending.

The Secretary reports to the Meeting that another Series of the old Books has been brought to a close, from 1830-31 to 1834-35 inclusive. The claims for short-paid Subscriptions found in this period amount to about Rupees 12,000; which will be claimed from the Subscribers who owe the several items which make up that amount. The arrears of a like nature, as adjusted up to 1829-30, and *realized* up to this date from individual Subscribers, amount to Rupees 12,823-1-1. And from "Government Treasuries" Rupees 2547-11-2, being one Subscriber's Subscriptions received by Treasuries in 1830-31, but not then credited in his name to the Fund, including Compound Interest to 1842.

Thanks being voted to the Chairman, the Meeting broke up.

Chairman.

The following Extract of a Letter No. 7, of the 29th of November 1843, from the Hon'ble the Court of Directors, in the Revenue Department, is published for general information:

"Para. 6. Under the Regulations no person on the Collector's Establishment is permitted to purchase Lands within his District, and we are of opinion that the practice of permitting any Officer in our Service to bid for Lands sold for arrears of Revenue, is very objectionable.

"7. You are already in possession of the instructions we have issued regarding Officers in our Service holding Lands in the Districts in which they are Officially employed.

"8. We have also in paras 17 and 18 of our Judicial Dispatch, dated 2d June 1841, directed that Civil Surgeons shall not be permitted to engage in business as Bankers, Traders or Indigo Planters.

"9. Although Medical Officers possess no Civil Authority, and are unconnected with the collection or management of the Revenue, we are nevertheless of opinion, that it is undesirable their attention should be drawn from their regular duties by being concerned in any description of speculation within their immediate Districts, and we therefore direct that the prohibition contained in *para. 53 of our Dispatch to the Government of India, dated 23d February 1842, be extended to Medical Officers appointed to Civil Stations."

* Para 53. We direct the invariable observance of the rule of the Service that no Officer holding Civil authority in a District, shall directly or indirectly be a holder of land, or be concerned in any description of speculation therein.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to ex[illegible] that weight, to prevent the inconvenience of [illegible] being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the [illegible]ls sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)

Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)

Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject

to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

WM. MOORE,
Deputy Posty Master.

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

(No. 482.)

SECRETARY TO THE GOVERNMENT OF BENGAL,

TO CAPTAIN G. T. MARSHALL,

Secretary to the College of Fort William.

SIR,

DATED FORT WILLIAM, 20TH FEBRUARY, 1844.

In Mr. Secretary Bushby's letter to your address, dated the 16th of January 1843, it was stated to you that the Hon'ble the Deputy Governor entertained the most confident expectation that the year then commenced would be distinguished by great attainments in the Languages on the part of the Students lately arrived, and by the most exemplary good conduct. They would not, His Honor hoped, content themselves with acquiring merely that moderate competency in two languages, which is sufficient to obtain a Certificate of qualification for the Public Service, but would aim at a degree of proficiency which would entitle them to Honors and Rewards.

2. These expectations the Deputy Governor is gratified to find have not been disappointed. In the Report on the character and attainments of the Students who have been declared qualified for the Public Service, the conduct of every one, without exception, is pronounced to have been "satisfactory," and by several of them Honors and Rewards have been obtained for diligence and high proficiency.

3. Amongst the Students who have thus distinguished themselves in so praiseworthy a manner, the Deputy Governor has the satisfaction of noticing Mr. W. S. Seton Karr, Mr. J. E. L. Brandreth, Mr. V. H. Schalch, Mr. J. R. Hutchinson, Mr. E. Sandys, and Mr. R. N. Cust, as having obtained Rewards, and Mr. W. J. Bramly, Mr. A. A. Swinton, and Mr. H. Davidson, as having passed in a third language. Mr. W. S. Seton Karr, the Deputy Governor observes, is the most distinguished, having obtained, besides other prizes, a Degree of Honor, which had not been awarded to any Student for a period of 19 years.

4. The Deputy Governor has great satisfaction in contemplating these results. He regards them as reflecting the highest credit on the Students themselves, and as holding out the promise, through their means, of future benefit to the country.

5. In bidding the Students who have left College farewell, His Honor begs them not to forget how important it is both to their efficiency as Public Officers, and to the welfare of the Native community, not only to keep up but to improve still further the knowledge of the languages which they have acquired, and so important is it considered in every Department to be able to communicate freely with all classes, that he would strongly recommend every Servant of the Government who looks to advancement, to be always prepared to prove his qualifications in this respect. His Honor begs them also to remember that they are about to be placed in situations involving high responsibilities, and he trusts that throughout the whole of their career their Conduct will be marked by an earnest desire to discharge with fidelity their duty to the Government which they serve, and to promote to the utmost of their power, wherever they may be placed, the happiness and prosperity of the people committed to their charge.

6. The Deputy Governor desires me to add, that he duly appreciates your exertions, and those of Major Ouseley, in promoting the results of the past year, and He trusts that the present will prove equally satisfactory.

I have, &c.,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shilling)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that [illegible] be not allowed to exceed that weight, to [illegible]t the inconvenience of their being refused [illegible] Post Office.

[illegible]ption of pre-paying the British Postage is [illegible]ly limited to Letters transmitted in the [illegible]ails s[illegible]ia Southampton, and such letters must [illegible]ear the [illegible]g superscription for the guidance [illegible] the Pos[illegible] Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy $218\frac{3}{4}$, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy $213\frac{1}{3}$, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy $437\frac{1}{2}$, and two half anna pieces, and one Copper Pie being equal to Grains $433\frac{1}{3}$, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

THE 10TH FEBRUARY, 1844.

RESOLUTION.

1st. It having been found necessary to revise the Rules published under date October 17th last, for giving effect to the Provisions of Act XIV. 1843, the following Rules are now promulgated in suppression of them, and will henceforward have the force of Law, as declared by Section III. of the above Act.

Rules for giving effect to the Provisions of

ACT XIV. 1843.

SECTION I.

CUSTOMS LINES AND JURISDICTION.

RULE I. The lines hereinafter specified shall be established for levying the Duties authorized by Act XIV. 1843.

RULE II. The North-west Frontier line shall commence in the Himalaya range of Mountains on the Jumnah, and shall run in the direction of that river till it reaches the boundary between the Banda and Allahabad Districts, whence it shall run in the direction of the Southern Frontier of the Allahabad and Mirzapoor Districts, till it meets the River Soane and there it shall terminate.

RULE III. Custom House Jurisdiction shall extend on the left bank of the Jumnah from its entering British Territory in the Himalayas, to within two miles of the Chief Police Station of Shamlee, for a distance of five miles from the bank of the river, and on the right bank of the Jumnah, from the point where it enters British Territory in the Himalaya range, to the boundary of the Banda and Allahabad Districts for a distance of 15 miles from the bank or over all British Territory within that space; and along the Frontier of the Allahabad and Mirzapoor Districts for the distance of 15 miles North and East of the Frontier, save and except that the Cities and Marts of Dehlie, B[illegible]n, Muttra and Agra, shall be exclud- [illegible]stoms Jurisdiction, the space so ex- [illegible]ng a circle of two miles from the Cot- [illegible] Chief Police Station of each Town. [illegible]t where these tracts are so excluded, the breadth of the line be extended in a correspondent measure to the Westward and Southward, so that in no place the breadth be less than 15 miles, or include all British Territory within that space.

RULE IV. The Hurrianah line shall branch off from the North-western Frontier line at Bullubgurh, and skirting the Northern boundary of the Jhujjur Territory, shall pass by Hansee, Hissar and Sirsa, and beyond that point till it reaches the extreme limits of the British Territory at, or near, the Sutlej River; and along this line Customs Jurisdiction shall extend for a breadth of ten miles, or over all British Territory within that space. All Dutiable Articles crossing the Hurrianah line shall pay the full duty, save and except that Salt, intended for consumption to the West of the North-west Frontier shall only be liable to half duty on crossing this line. All imported articles which have paid full duty on crossing the Hurrianah line shall not be liable to any further duty on crossing the North-west Frontier line, and exported articles which have paid full duty on crossing the North-west Frontier line shall not be liable to any further duty on crossing the Hurrianah line.

RULE V. Articles brought from the Southward and Westward within Customs Jurisdiction upon either of the above lines shall be held to be imported, save and except in the case of Sugar, the produce of a British province, as provided hereafter in Rule XXXVII. Articles brought from the Northward and Eastward within Customs Jurisdiction upon any of the above lines shall be held to be exported.

RULE VI. A line, for the levy of a duty on Salt only, shall proceed from the fortress of Allahabad, due South to the Rewah Frontier, and due North, to the Oude Frontier, and thence along the Western and Eastern boundaries of the Oude State, till it reaches the Nepal Frontier, on either side, and there it will terminate. Customs Jurisdiction shall extend East of the line running due South and North from Allahabad for a breadth of 10 miles, and where the line skirts the Oude Frontier for a distance of 10 miles from that Frontier.

RULE VII. All Salt passing out of the Oude Territory across this line, shall be held to be

imported, and shall be liable to the duty of Two Rupees per maund, and all Salt passing to the Eastward of Allahabad shall be held liable to the further duty of One Rupee per maund, imposed by Section 2, Act XIV. 1843.

RULE VIII. The said Customs Jurisdiction shall not include the Ganges or Jumnah River, so as in any way to interrupt the free navigation thereof, all Customs interference with the River borne trade being hereby prohibited, further than may be required at or near Allahabad for the protection of the special further duty on Salt.

SECTION II.

CUSTOMS CHOKEES OPEN AND CLOSED.

RULE IX. Custom House Chokees may be established at any points within Customs Jurisdiction for the regulation of the lawful traffic, and for the suppression of contraband traffic. The Chokees shall be either open or closed, and shall be disposed in single continuous lines, at such intervals, as may be necessary. The open Chokees shall be established on the chief roads intersecting each line for the passing of such Dutiable Articles as shall have paid the prescribed duty. The closed Chokees shall be entirely of a preventive nature and shall be established to prevent the importation of Sugar from Foreign Territories, and the passing of Dutiable Articles, although accompanied by Rowannahs.

RULE X. A list of the open Chokees for passing Dutiable Articles, within each Custom House Jurisdiction, shall be prepared and printed in the English, Persian, Nagree and Mahajunnee languages, and kept in a convenient place for public reference, in each open Chokee, and at the Tuhseeldarrees and Thannahs adjacent thereto, and in the Office of the Collector, and Collector of Customs of the District.

SECTION III.

Custom Houses and Custom House Officers.

RULE XI. Custom Houses for entering the exports and imports, and for receiving the duties authorized by the Act, shall be established at Sirsa, Hansee, Dehlee, Kurnaul, Horul, Agra, Calpee, Rajapoor, Allahabad and Mirzapoor. The first six, forming the 1st or Dehlee Division of Customs, and the last four, the 2d or Mirzapoor Division of Customs.

RULE XII. The Superior Officers of the Department charged with the collection of Duties, granting of Rowannahs, and superintending the Preventive Establishment, shall be denominated Collectors, Deputy Collectors, and Assistant Collectors. The Deputy Collectors and Assistant Collectors shall be subordinate to the Collectors, but shall be competent to perform all acts which may legally be performed by the Collector. There shall be one Collector, in each Division, vested with the general superintendence and also competent to take charge of any Custom House; and there shall be in charge of each Custom House, a Collector or Deputy Collector, or Assistant Collector.

RULE XIII. The Subordinate Officers who will constitute the Preventive Department shall be called Patrols, Assistant Patrols, Darogahs, Jemadars, and Chuprassees, and shall be stationed at such places along the line as may, from time to time, be found convenient. At all open Chokees there shall be stationed a Darogah or Jemadar, and a Mohurrir or Weighman.

SECTION IV.

Each Rowannah shall bear the signature of the Mooshriff by whom it has been prepared and delivered, and he shall be held responsible for its accuracy, and sufficiency, and early delivery.

RULE XVII. Rowannahs shall be current for three months, from the date of issue, and shall be of no effect whatever from and after the expiration of that period, excepting in the manner provided for hereafter in Section V.

RULE XVIII. Rowannahs, granted at any Custom House, shall cover Dutiable Articles in all Customs Jurisdiction, save and except, that Rowannahs certifying payment of the import duty on Salt shall not exempt Salt passing Eastward of Allahabad, from payment of the further duty.

RULE XIX. When Dutiable Articles covered by a duplicate Rowannah, are brought to an open Chokee the Rowannahs shall be delivered to the Officer at the Chokee, who, after comparing it with the goods, and ascertaining that it covers them, shall permit the goods to pass, at the same time dividing the two copies of the Rowannah through the bordered words in the middle, himself retaining the right hand or duplicate, and delivering the Original to the owner of the goods. The goods shall on no account be detained at the Chokee more than twenty-four hours unless for breach of Customs Rules.

RULE XX. The single Original Rowannah, of the Form A, shall be of no avail to cover Dutiable Articles, before they reach a line of Chokees and when brought to an open Chokee, save and except in the case of Dutiable Articles, intended to be brought across the Frontier lines North of Dehlee, after having passed the Hurrianah line, or the reverse. In this case the single Original Rowannah shall be considered as proof of payment of duty on the line first crossed. Special Rowannahs must be taken out from the Allahabad Custom House, after payment of the further [illegible] to cover Salt passing to the Eastward of th[illegible]

RULE XXIII. Persons wishing to export Cotton, or to bring half a mile of the line of Chokee, from the Northward and Eastward, shall make application to the Collector of Customs and shall obtain from him a Maafee Rowannah, that is, a free pass, in the Form C., annexed to these Rules: no fee shall be demanded for the preparation of such Rowannah, and it shall under no circumstances be current for more than one month from the date of issue.

RULE XXIV. Persons wishing to bring Salt within the Customs Jurisdiction from the Northward and Eastward, shall obtain a Maafee Rowannah of similar form, on payment of a fee of two Annas for each Rowannah, which Rowannah shall be current for a period of 15 days from its issue, but shall not cover goods found at a greater distance than five miles from the Northern or Eastern limit of the jurisdiction.

RULE XXV. The maund weight mentioned in the Act as that on which the duty is to be levied is the maund prescribed by Regulation VII. of 1833.

SECTION V.

Extending the Currency of Rowannahs.

RULE XXVI. Persons desirous to deposit or keep Dutiable Articles within the limits of Customs Jurisdiction for a period exceeding that for which the Rowannahs may be current, may obtain an extension of their currency for a period not exceeding eight months, calculated from the date of Original issue, provided they make application to the Collector or the Patrol of the beat, one week before the expiration of the original term of the Rowannah.

RULE XXVII. On such application being made, the Patrol shall ascertain whether the despatch is covered by the Rowannah; and on being satisfied that such is the case, shall endorse the Rowannah and note on its back the place of intended deposit and the period for which its extension is required.

RULE XXVIII. The Rowannah so endorsed shall be sent to the Collector, who will superscribe thereon the period for which the Rowannah is extended, and the date on which the superscription will cease to have effect.

RULE XXIX. The Rowannah thus superscribed, signed and sealed by the Collector, and attested by the Mooshriff, shall be delivered to the applicant, either at the Custom House, or through the Patrol of the beat as may be desired by the applicant.

RULE XXX. The Rowannah, thus extended, shall cover the goods for the period noted in the superscription and no longer.

RULE XXXI. No extension shall be granted [illegible] second period, beyond the full term of eight [illegible]hs from the date of original issue, excepting [illegible]ear grounds of necessity, in order to save the [illegible] of the goods from unmerited loss; and [illegible]ly, with the permission previously obtain[illegible] the Collector of the Division.

SECTION VI.

Illegal Acts involving Penalties.

RULE XXXII. The bringing or keeping of Salt within Customs Jurisdiction, uncovered by a Rowannah, shall subject the offenders to all the penalties prescribed by the Act.

RULE XXXIII. The bringing of Saccharine produce, Sugar or Cleaned Cotton uncovered by a Rowannah, within half a mile of the line of Chokees established under Rule IX. shall subject the offenders to all the penalties prescribed by this Act.

RULE XXXIV. The attempt to bring Dutiable Articles, even when accompanied by a Rowannah, across the line of Chokees, except by an open Chokee, shall subject the offenders to all the penalties prescribed by this Act.

RULE XXXV. Uncleaned Cotton may be brought free of duty and unaccompanied by a Rowannah to any mart South or West of the line of Chokees, or on the line of Chokees, but the attempt to bring the Cotton past the line, whether in a cleaned, or uncleaned state, unless it be covered by a Rowannah, shall subject the offenders to all the penalties prescribed by this Act.

RULE XXXVI. Provided that persons having in their possession, uncovered by a Rowannah, Salt not exceeding one seer, or Sugar, or Saccharine produce not exceeding 5 seers, and intended for private consumption, shall not be held liable to the penalties prescribed in the Act, and are hereby exempted therefrom. Salt not exceeding five seers uncovered by a Rowannah, found in the possession of a person, shall be liable to confiscation, but the possessor shall not be liable to the penalties prescribed by Section VII. Act XIV. of 1843.

RULE XXXVII. Provided also that Sugar, the produce of British Territory, covered by a certificate of origin, prescribed by Section III. Act XXXII. of 1836, if brought across the line from British Territory, lying on the South and the West of the line shall not be held prohibited.

RULE XXXVIII. Dutiable Articles brought to on open Chokee shall be held to be covered by a Rowannah in duplicate or single as may be requisite, under Rule XX. if they agree with the description in the Rowannah, in all essential particulars, and if there be no greater excess of weight than five per cent of the whole despatch, and if the Rowannah shall be current, and shall not have been previously used for passing other goods.

RULE XXXIX. If the excess in weight be more than five per cent above what is entered in the Rowannah, but not more than 15 per cent of the whole despatch, or if the discrepancy between the goods and the Rowannah be evidently the result of accident or ignorance, and there be no ground for suspecting fraud, a greater penalty than double duties on the whole despatch shall not be awarded by the Commissioner.

RULE XL. Whenever persons shall have become liable to the penalties under the declaration in these Rules, evidently from inadvertence or ignorance, and without any attempt at concealment or fraud, a greater penalty than double duties on the whole despatch shall not be awarded by the Commissioner.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that [illegible]ters be not allowed to exceed that weight, to [illegible]vent the inconvenience of their being refused [illegible] Post Office.

[illegible] option of pre-paying the British Postage is [illegible]ively, limited to Letters transmitted in the [illegible]ails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

Notice is hereby given, that a Light is exhibited from the Flag Staff at Cochin, from sunset to sunrise. THE 28TH FEBRUARY, 1844.

The Governor General in Council not having yet received any Instructions relative to the disposal of the Prize Property captured in Scinde, and taking into consideration the distinguished Services of the Troops engaged in the battles of Meeanee and Hyderabad—taking also into consideration the distinguished Services of the Troops engaged in the battles of Maharajpoor and Punniar, is pleased to resolve, that all the Generals and other Officers, Non-Commissioned Officers and Privates engaged in the battles of Meeanee, Hyderabad, Maharajpoor and Punniar, shall receive a gratuity of Six Months' Batta, as a testimony of the gratitude of the Government, and of the admiration with which it regards their conduct in the Field.

The Governor General in Council taking also into consideration, that it is not only in the Field that good Soldiers prove their sense of Military Duty, but that those who, at the Command of the Government, encounter readily and endure with fortitude peculiar hardships arising from climate, from privation, or from disease, may equally with those who meet danger in the Field, become entitled, under extraordinary circumstances, to receive some special marks of approbation and regard—taking further into consideration the very extensive and unusual sickness which has prevailed in Scinde during the past year, and the consequent sufferings of the Troops quartered in that Province, is pleased to resolve, that all the General and other Officers, Non-Commissioned Officers and Privates, who have at any time served in Scinde during the year commencing on the 28th of February 1843, shall receive a gratuity of Six Months' Batta.

The Troops engaged in the battles of Meeanee and Hyderabad are entitled to the gratuity given by both the above Resolutions, and will therefore receive Twelve Months' Batta.

The following communication addressed to the Naval Commander in Chief on the Cape Station, by Captain Sir J. Marshall, of Her Majesty's Ship "Isis," reporting the result of the Survey made by him of the Coral Reefs on the South side of the Island of Rodrigues, is published for general information.

By Order of the Hon'ble the President of the Council of India in Council,

T. R. DAVIDSON,
Offg. Secy. to the Govt. of India.

REAR ADMIRAL
THE HON'BLE JOSCR. PERCY, C. B,
Commander in Chief,
&c. &c. &c.
CAPE STATION.

Sir,—Two British Merchant Ships of considerable Tonnage, the "Queen Victoria" and the "Oxford" having been wrecked on the Coral Reefs off the South side of the Island of Rodrigues, within the last seven months, and the Masters of these Vessels, with their Officers and Crews having in their Protests declared on Oath, that the said Reefs extended from 13 to 15 miles from the Island, whilst Hydrographical authorities confine their limits within 5 or 6 miles, this difference in their positions, if correct, would subject our Commercial Marine to considerable danger, particularly as a large number of Ships sight Rodrigues their way from India to Mauritius and England.

I considered the subject of sufficient importance to submit to your Excellency, the expediency of my proceeding there in Her Majesty's Ship Isis, under my Command, for the purpose of ascertaining the actual position of these Reefs, and accordingly proceeded from Port Louis on the 12th October, and arrived at Rodrigues on the 19th, where assisted by my Officers, I carefully examined the Reefs extending from Flat Island on the South side of Rodrigues, round the West end to Booby Island on the South side, and in no part does the Reef extend beyond 5 and 6 miles.

Ships are recommended to pass to leeward of the Island, giving the North West part of the Reef a good berth.

I have, &c.,

(Sd.) JNO. MARSHALL,

Captain.

FORT WILLIAM, 1*st March*, 1844.

No. 60 of 1844.—The following paragraphs of a Military Letter, No. 23, from the Hon'ble the Court of Directors, to the Governor General in Council, dated the 29th November 1843, are published for the information of the Army, and His Lordship in Council is pleased to direct, that the Regulations therein contained be immediately adopted and brought into operation at the three Presidencies, at the expiration of six months from the date of their promulgation in General Orders:

"9. No Subaltern Officer shall be hereafter appointed to the charge of a Troop of Cavalry or Native Horse Artillery, or to a Company of Native Infantry or Golundauze, until he shall have passed a prescribed examination in the Hindostanee language, such as to prove his competence to converse freely with the men under his Command: unless his appointment shall be rendered indispensable by the absence of a Junior Officer who is qualified for the duty: and any Subaltern Officer hereafter appointed to this charge who may not have so passed, shall not be permitted to draw the Command allowance assigned to it.

10. No Assistant Surgeon hereafter posted to the Medical Charge of Native Troops shall receive the Staff Salary annexed to it, unless he has passed the required examination in Hindostanee.

11. You will observe that by the preceding Regulations we have made no distinction with respect to the eligibility of Officers to the advantages of Command and Medical charge as affected by the date of their admission to the Service. We consider it to be an inherent condition of every Military Appointment bestowed by us that the Officer receiving it shall, in due course, qualify himself for the performance of the Regimental duties which it entails: and we cannot allow of any exception whatever to the conditions prescribed by the present Orders.

12. It is not our wish or intention that Officers should be compelled, as a qualification for the Command of Troops or Companies, or for a Medical Charge, to attain more than adequate colloquial proficiency in the Vernacular language of the men placed under their charge, and you will frame regulations for the examination of Officers to this extent. The examination for the appointment of Interpreter will remain as at present.

13. We also desire, that the Commander in Chief will instruct Reviewing Generals to insert in their Confidential Reports, opposite to the names of the Officers belonging to the Regiment, a Statement of their respective qualifications in Native Languages, as certified to him by the Commanding Officer of the Regiment.

15. We are desirous that the results of all examinations of Officers in the Native Languages should be published in General Orders by the Commander in Chief."

His Excellency the Commander in Chief will be pleased, in furtherance of a measure of such obvious utility and importance as that of requiring from all Subaltern Officers and Assistant Surgeons of the Indian Army, an acquaintance with the language of the Country, to such an extent as shall qualify them for free and unreserved personal communication with the Native Soldiery of India, to issue such Orders as His Excellency may deem requisite for giving full effect to the instructions of the Hon'ble Court, as contained in the foregoing paragraphs of their Despatch, relative to the examination of Military and Medical Officers, colloquially in the Hindostanee Language previously to their being, in the cases of Subaltern Officers, hereafter appointed to the charge of Troops and Companies, and in those of Assistant Surgeons, to their receiving the Staff Allowances attaching to the Medical charge of Native Troops.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,.....(6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only. to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

FORT WILLIAM, 12*th March*, 1844.

No. 79 of 1844.—In order to remove the misunderstanding which is apprehended to exist with respect to the Allowances drawn by Troops in Scinde, while in Cantonments, the Governor General in Council deems it expedient to make known that the Allowances drawn by Troops in Scinde, while in Cantonments, are the same as those drawn by Troops in Hindostan while in the Field.

Further, the Lines of Troops in Scinde being different in construction from those in Hindostan and more expensive, they have been erected at the Public charge.

It is known to the Troops that when the price of Ottah is above 15 Seers the Rupee, Compensation in Money for the excess of price is now given to them at the rate of a Seer, a day, for each man.

With the view of providing, as is done in Her Majesty's Service, that the Soldiers' ration shall never cost him more than a fixed moderate sum, the Governor General in Council thinks it expedient to extend the principle of giving Compensation in Money in the case of high prices to the other minor Articles composing the Sepoys' ration, and it is accordingly notified that whenever the price of Dholl is above ten Seers the Rupee, that of Ghee above two Seers the Rupee, and that of Salt above eight Seers the Rupee, Compensation Money for the excess of price will be given to the Troops at the rate of two Chittacks of Dholl, one Chittack of Ghee, and one third of a Chittack of Salt a day for each man.

This rule is made generally applicable to the Troops of all the Presidencies.

The Governor General in Council considers it right that in Scinde as elsewhere there should be a difference between the Allowances given to Troops in Cantonments and those given to them in the Field; and in practice this has been the case; for the Extra Allowance called "Money Rations," that is, the Allowance of Rations or of their equivalent in Money in excess of Pay and Full Batta, was withdrawn during the years 1840 and 1841, when the Troops in Scinde were in Cantonments without an Enemy in the Field, was again granted from the 1st of January 1842, when extensive movements became again necessary, and was again withdrawn from the 1st of July last, when the Troops went into Cantonments and no Enemy was in the Field.

Scinde being now permanently annexed to the British Dominions, the Governor General in Council deems it better to define by a General Rule, the future Allowances of Troops serving in that Province than to vary their amount from time to time according to circumstances, by special and occasional directions. Accordingly, His Lordship in Council now notifies that Troops in Cantonments in Scinde will continue to draw the same Allowances which are drawn in the Field in Hindostan; and that rations or their value in Money in excess of Pay and Full Batta will be given to Troops in Scinde under the same circumstances under which Field Allowances are now drawn in Hindostan.

The Scinde Allowances will only commence when Troops reach the Scinde Frontier.

An Official Translation of this Order will be transmitted to every Regiment in the Service.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

2d —The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d —If at the above Sale the entire quantity of 4,300 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 19th April 1844, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th —The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 19th April 1844, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th —No Tender of Money, Sub-Treasurer's Receipts or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 19th April, will be afterwards accepted.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The Receipt for such Deposit will be granted only in the name of such Purchaser, and the Public Securities deposited will be returned when the clearance has been made by the said Purchaser or his order.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1842-43, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shilling)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy $218\frac{3}{4}$, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy $213\frac{1}{3}$, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy $437\frac{1}{2}$, and two half anna pieces, and one Copper Pie being equal to Grains $433\frac{1}{3}$, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

FORT WILLIAM, FINANCIAL DEPARTMENT,

THE 16TH MARCH, 1844.

NOTIFICATION.

The following Resolution, passed by the Right Hon'ble the Governor General in Council, in the Financial Department, is published for general information:

Resolution.—The Governor General in Council has decided on removing the restrictions that have so long borne with oppressive weight on the internal Commerce of the Presidency of Madras.

The Governor General in Council has deemed this a fit opportunity for revising the Sea Customs Tariff of that Presidency, and for assimilating the rates of duty levied on Imports and Exports by Sea, as far as practicable to those in force at the other principal Ports of India.

These extensive measures cannot be carried into effect without a loss of present Income so serious as to compel the Government of India to endeavour to meet it from other sources of Revenue.

In consideration of the entire removal of all restrictions upon its inland trade, and of Madras being placed in this respect upon an equality with the rest of India, the Governor General in Council deems it not unreasonable that the impost on Salt in the Madras Territories should be raised to a rate more in accordance with the tax on the same Article borne by other divisions of the Indian Empire, and the sale price of Salt will accordingly be increased in a moderate degree throughout the whole of the Provinces subordinate to the Presidency of Madras.

But though the Governor General in Council hopes principally by this means to provide an equivalent for the certain loss of Revenue that must result from the extension of freedom to the inland trade of the Presidency of Madras, experience alone can determine how far his expectations may be realized.

In the event of its proving necessary eventually to resort to additional modes of supply to meet the loss incurred, the Governor General in Council would look to the Sea Customs of India as an available source of further income, and however reluctant he would be to impose a new burthen upon Foreign Commerce, he cannot but feel that the Government of India may be compelled to have recourse to an increase of the duties both on Imports and Exports by Sea at all the Indian Presidencies, should a measure of this nature be pressed upon it by the Financial exigencies of the State.

Meanwhile the Governor General in Council contemplates with unmixed satisfaction a measure of relief, which though attended with absolute present loss of Revenue, promises most powerfully to develop those sources of wealth, which must ever increase in proportion as encouragement is afforded to the free interchange of the products of the soil of India and of the manufacturing industry of its people.

By Order of the Right Honorable the Governor General in Council,

J. A. DORIN,

Secretary to the Government of India.

FORT WILLIAM, HOME DEPARTMENT.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

" As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency. for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

" The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

" The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shilling)
Above $\frac{1}{2}$, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy $218\frac{3}{4}$, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy $213\frac{1}{3}$, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy $437\frac{1}{2}$, and two half anna pieces, and one Copper Pie being equal to Grains $433\frac{1}{3}$, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

FORT WILLIAM, *1st April*, 1844.

No. 100 of 1844.—The Governor General having on the 16th of February, entrusted to His Excellency the Commander in Chief all the authority of the Government for the Suppression of Mutiny, even to the extent of disbanding a Regiment, His Excellency the Commander in Chief has, in the just exercise of that authority, issued Orders for the disbandment of the 34th Regiment of Native Infantry, and of this necessary measure, the Governor General in Council entirely approves.

It is at the same time a subject of the deepest regret to the Governor General in Council, that a Regiment heretofore distinguished by its uniform good conduct should now have been so forgetful of its own Honor, and of its duty to the Government as to incur, by mutinous disobedience of Orders, this just, but heavy punishment, affecting in its consequences not those alone who have proved themselves unworthy of the name of Soldiers, but the innocent Families which depended upon them for Support.

The Governor General in Council however knows that the Superiority of the British Army depends upon its discipline, and whatever may be the measures necessary to vindicate that discipline, to those he will unhesitatingly resort, in the conviction that a Regiment disobedient to its Officers is weak before the Enemy and brings into danger not only its own Honor, but that of the Army to which it belongs.

His Excellency the Commander in Chief will be pleased to cause the foregoing General Orders to be read at the head of each Corps and fully explained to the Men.

FORT WILLIAM, *1st April*, 1844.

No. 101 of 1844.—The Native Officers, Non-Commissioned Officers and Privates of all arms of the Bundelcund Legion, stationed at Jhansi, having, on the 18th of March, declared their desire to be permitted to proceed at once to Scinde, the Governor General in Council directs Captain Beatson, Commanding the Legion, to express to all the brave and well-disciplined Troops under his Command, the great satisfaction with which their Services are accepted by the Government, which will not forget that they have come forward voluntarily at a moment of apparent difficulty to advance their own Honor and to maintain that of the Army to which they must hereafter permanently belong.

The Governor General in Council directs that the Cavalry, Infantry and Artillery of the Bundelcund Legion shall be permanently attached to the Bengal Army, and take rank accordingly, and that the Native Officers, Non-Commissioned Officers and Privates of the several Arms will, from the 18th ultimo, be entitled to all the advantages which are now enjoyed by the corresponding ranks in the Regular Infantry and Artillery, and in the Irregular Cavalry of the Army.

Captain Beatson will take measures for raising the Cavalry of the Legion to the usual strength of a Regiment of Irregular Cavalry.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)

Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)

Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)

Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)

And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Curreney, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D., *Secretary.*

The following Act, passed by the Right Hon'ble the Governor General of India in Council on the 6th April 1844, is hereby promulgated for general information.

ACT No. VII. OF 1844.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receivable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively: Provided also, that this Act shall not repeal any provision in the Act of the Government of India XXV. of 1838. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8*th February,* 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

2d —The Opium to be offered for Sale at an Upset Price of Rupees 400 per Chest, and to be all sold to the highest bidder above that price.

3d —If at the above Sale the entire quantity of 4,300 Chests shall not be sold, it shall subsequently be competent for the Board of Customs, Salt and Opium, to dispose of the lots which remain on hand at future Sales.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 1,000 Rupees per Lot or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is Registered in the Sale Book. and all such Promissory Notes shall be redeemed on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 19th April 1844, or, on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expences whatsoever attending such Re-sale, shall be borne and paid by the Defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

ACT No. VII. OF 1844.

An Act for improving the Law of Evidence.

I. Whereas the enquiry after truth in Her Majesty's Courts of Justice is often obstructed by incapacities created by the present Law, and it is desirable, that full information as to the facts in issue, both in Criminal and in Civil Cases, should be laid before the persons who are appointed to decide upon them, and that such persons should exercise their judgment on the credit of the witnesses adduced, and on the truth of their testimony:

It is hereby enacted, that within the local jurisdiction of Her Majesty's Courts, no person offered as a witness shall hereafter be excluded by reason of incapacity from crime or interest from giving evidence, either in person or by deposition, according to the practice of the Court on the trial of any issue joined, or of any matter or question, or on any enquiry arising in any suit, action or proceeding, Civil or Criminal, in any of Her Majesty's Courts, or before any Judge, Jury, Sheriff, Coroner, Magistrate, Officer or person having by Law or by consent of parties, authority within the jurisdiction of Her Majesty's Courts to hear, receive and examine evidence, but that every person so offered may and shall be admitted to give evidence on oath or solemn affirmation, in those cases wherein affirmation is by Law receiveable, notwithstanding that such person may or shall have an interest in the matter in question, or in the event of the trial of any issue, matter, question or enquiry, or of the suit, action, or proceeding in which he is offered as a witness, and notwithstanding that such person offered as a witness may have been previously convicted of any crime or offence: Provided, that this Act shall not render competent any party to any suit, action, or proceeding individually named in the record, or any lessor of the plaintiff or tenant of premises sought to be recovered in ejectment, or the Landlord or other person in whose right any defendant in replevin may make cognizance, or any person in whose immediate and individual behalf any action may be brought or defended, either wholly or in part, or the husband or wife of such persons respectively: Provided also, that this Act shall not repeal any provision in the Act of the Government of India XXV. of 1838. Provided, that in any of Her Majesty's Courts sitting in Equity, any defendant to any cause pending in any such Court so sitting, may be examined as a witness on the behalf of the plaintiff, or of any co-defendant in any such cause, saving just exceptions; and that any interest which such defendant so to be examined may have in the matter or any of the matters in question in the cause, shall not be deemed a just exception to the testimony of such defendant, but shall only be considered as affecting or tending to affect the credit of such defendant as a witness.

II. And it is hereby enacted, that nothing in this Act shall apply to, or affect any suit, action, or proceeding, brought or commenced before the passing of this Act.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

" As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

" The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

" The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

OVERLAND EXPRESS.

NOTICE is hereby given, that the Overland Express Mail will be despatched hence to Bombay on Monday, the 22d Instant.

WM. MOORE,
Deputy Post Master.

Fort William, Genl. Post Office,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally avail-
"able to the Public, for regulating the weight of
"their correspondence, the following scheme for
"using Coins of the Indian Currency, for that
"purpose, will be found to afford a very close ap-
"proximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a
"single Steamer Letter—being equal to grains
"Troy 218¾, and one Ru-
"pee and one Copper Pie
"of the Company's cur-
"rency being equal to
"Grains Troy 213⅓, eve-
"ry person confining his
"English correspondence to the weight of these
"two Coins, will be certain of being within the
"weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double
"Steamer Letter—being
"equal to Grains Troy
"437½, and two half an-
"na pieces, and one Cop-
"per Pie being equal to
"Grains 433⅓, every Let-
"ter not exceeding the
"aggregate weight of three such Coins, will in
"like manner, be within the weight allowed to a
"double Steamer Letter."

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

True Extract,
WM. MOORE,
Deputy Post Master.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... ..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

" As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

" The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

" The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz,

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

" As Britsh weights may not be generally avail-
" able to the Public, for regulating the weight of
" their correspondence, the following scheme for
" using Coins of the Indian Currency, for that
" purpose, will be found to afford a very close ap-
" proximation to ounce and half ounce weights.

" The half ounce avoirdupois—the weight for a
" single Steamer Letter—being equal to grains
" Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

" The ounce avoirdupois—the weight of a double
" Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D., *Secretary.*

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dáwk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office, The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

LEGISLATIVE.

THE 11TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 11th May 1844, is hereby promulgated for general information.

ACT No. X. OF 1844.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence, it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

"As Britsh weights may not be generally available to the Public. for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

"The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter.—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

"The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

LEGISLATIVE.
THE 11TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 11th May 1844, is hereby promulgated for general information.

ACT No. X. OF 1844.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the

time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence, it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

GENERAL DEPARTMENT,
AGRA, THE 30TH APRIL, 1844.

DISTRICT DAWKS.

The Lieutenant Governor directs the publication for general information of the following Circular Letter this day addressed to the Commissioners of Police in the North Western Provinces:

CIRCULAR.

I am directed to call your attention to the Circular Orders of May 16th and August 2d, 1838, and December 27th, 1839, regarding the conveying of Private Letters from Post Offices to places in the Interior of the District by means of the Tuhseeldaree and Thannah Dawk Runners.

2d. The Post Master General has brought to the notice of the Government, that some Magistrates and Collectors object to forward Letters in this way, because of the responsibility for Postage which it entails on their establishment.

3d. To meet an objection which the Post Master General did not feel himself called upon to question, it has been proposed that Letters from Post Stations to Villages or Towns in which there are no Post Offices be sent pre-paid, and that Letters from such villages to Post Towns be sent bearing postage. This arrangement is on every account desirable, but if from accident, or the misinformation of the writers of letters, it be not in any case observed, no Magistrate and Collector should, from reluctance to incur a small responsibility or additional trouble, shrink from the performance of a duty, which his position naturally imposes upon him, and which conduces to the comfort and prosperity of the residents in the districts entrusted to his charge.

By order of the Hon'ble the Lieutenant Governor of the North Western Provinces,

A. SHAKESPEAR,
Assist. Secy. to Govt. N. W. P.

SEVERAL accidents having lately occurred by Vessels driving from Single Anchor, at which they were lying contrary to the Rules of the Port—It is hereby notified to the Masters or Owners of Vessels resorting to the Port of Calcutta, that under the sanction of the Hon'ble the Deputy Governor of Bengal, a fine of 500 Rupees will in future be imposed on all Commanders, who may refuse to have their Ships moored when required to do so, by a Pilot or other duly authorized Government Officers.

By order of the Acting Superintendent of Marine,

" Septr. " " 27th August.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

General Post Office,
The 8th February, 1844.

OVERLAND PRE-PAID LETTERS.

WITH reference to this Office Notice, dated the 8th instant, relating to the Rules for guidance, in regard to the optional pre-payment of British Postage on Overland Letters, sent via Southampton, the following extract from a Notification, dated the 7th instant, on the same subject, by the Post Master General of Bombay, is published for the further information and guidance of the Public:

" As Britsh weights may not be generally available to the Public, for regulating the weight of their correspondence, the following scheme for using Coins of the Indian Currency, for that purpose, will be found to afford a very close approximation to ounce and half ounce weights.

" The half ounce avoirdupois—the weight for a single Steamer Letter—being equal to grains Troy 218¾, and one Rupee and one Copper Pie of the Company's currency being equal to Grains Troy 213⅓, every person confining his English correspondence to the weight of these two Coins, will be certain of being within the weight prescribed for a single Steamer Letter—

1 Rupee	180	
1 Copper Pie ...	33	333
	213	333

" The ounce avoirdupois—the weight of a double Steamer Letter—being equal to Grains Troy 437½, and two half anna pieces, and one Copper Pie being equal to Grains 433⅓, every Letter not exceeding the aggregate weight of three such Coins, will in like manner, be within the weight allowed to a double Steamer Letter."

Two half anna pieces at Grains Troy 200 each	400	
1 Copper Pie...	33	333
	433	333

True Extract,

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE.
THE 11TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 11th May 1844, is hereby promulgated for general information.

ACT No. X. OF 1844.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and

especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence, it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. And it is hereby further enacted, that from and after the passing of this Act, sentence of death may be pronounced after convictions for Murder by any Judge of any of Her Majesty's Courts of Justice within the Territories subject to the Government of the East India Company in the same manner, and the Judge shall have the same power in all respects as after convictions for other capital offences.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

" Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

AN Examination will be held on the 1st day of July next, in the College of Fort William, the purpose of filling up existing Vacancies e Secondary or Military class of the Medical lege—all Candidates will be expected to possess adequate knowledge of the Hindoostanee guage to enable them to read and write from tation, or from a printed work in the Persian Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE.
THE 11TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 11th May 1844, is hereby promulgated for general information.

ACT No. X. OF 1844.

An Act to amend the Law respecting the period of the Execution of Persons convicted of the crime of Murder.

Whereas by an Act passed in the ninth year of the reign of his late Majesty King George the Fourth, intituled an Act for improving the Administration of Criminal Justice in the East Indies, it was amongst other things enacted that every person convicted of Murder should be executed according to Law on the day next but one after that on which the sentence should be passed unless the same should happen to be Sunday and in that case on the Monday following, and that sentence should be pronounced immediately after the conviction of every Murderer unless the Court should see reasonable cause for postponing the same, and such sentence should express not only the usual judgment of death but also the time thereby appointed for the execution thereof: and it was by the said Act provided that after such sentence should have been pronounced it should be lawful for the Court or Judge to stay the execution thereof if such Court or Judge should so think fit: and whereas for the ends of justice, and especially more effectually to preserve from an irrevocable punishment, any persons who may hereafter be convicted upon erroneous or perjured evidence, it is expedient to alter and amend the said recited Act in these respects:

I. It is therefore hereby enacted, that from and after the passing of this Act so much of the said Act as is hereinbefore recited shall cease to have effect within the Territories subject to the Government of the East India Company.

II. OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D., *Secretary.*

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D., *Secretary.*

Medical College,
April 6, 1844.

HOME DEPARTMENT.

LEGISLATIVE.

THE 25TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 25th May 1844, is hereby promulgated for general information.

ACT No. XII. OF 1844.

An Act for better securing the observance of an Exact Discipline in the Indian Navy.

I. Whereas by an Act of the British Parliament passed in the Session held in the 3d and 4th years of His late Majesty King William the 4th, intituled "An Act for effecting an arrangement with the East India Company, and for the better Government of His Majesty's Indian Territories till the 30th day of April 1854"—It is among other things enacted, that the Governor General of India in Council shall have power to make Laws and Regulations for repealing, amending or altering any Laws or Regulations whatever then in force, or thereafter to be in force in the said Territories, or any part thereof, and to make Laws and Regulations for all persons whether British or Native Foreigners, or others, and for all Courts of Justice whether established by His Majesty's Charters or otherwise, and the jurisdiction thereof, and for all places and things whatsoever within and throughout the whole or any part of the said Territories, and for all Servants of the said Company within the dominions of Princes and States in alliance with the said Company, save and except that, the said Governor General in Council shall not have the power of making any Laws or Regulations which shall in any way repeal, vary, suspend or affect any of the provisions of the now reciting Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the Service of His Majesty or the said Company, or any provisions of any Act thereafter to be passed in anywise affecting the said Company, or the said Territories or the Inhabitants thereof, or any Laws and Regulations which shall in any way affect any Prerogative of the Crown or the Authority of Parliament, or the constitution or rights of the said Company, or any part of the unwritten Laws or Constitution of the United Kingdom of Great Britain and Ireland, whereon may depend in any degree the allegiance of any person to the Crown of the United Kingdom, or the Sovereignty or Dominion of the said Crown over any part of the said Territories.

And it is thereby provided and enacted, that in case the Court of Directors of the said Company, under such control as by the now reciting Act is provided, shall signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all Laws and Regulations so disallowed. And it is also provided and enacted, that all Laws and Regulations made as aforesaid so long as they shall remain unrepealed shall be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and shall be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any Public Act of Parliament would and ought to be taken notice of, and it shall not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council. And it is thereby also provided and enacted, that it shall not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power shall be given to any Courts of Justice other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death, any of His Majesty's natural born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

And whereas by another Act passed in the Session held in the 3d and 4th years of the Reign of Her present Majesty, intituled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of Discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental debts and the distribution of the Effects of Officers and Soldiers dying in Service," reciting that the said Company for the safety and protection of the Territories under their Government in addition to their Land Forces maintain a Marine Establishment theretofore called "The Bombay Marine," but then called "The Indian Navy;" and that by an Act passed in the 9th year of the Reign of King George the 4th, intituled "An Act to extend the provisions of the East India Mutiny Act to the Bombay Marine," reciting an Act of the 4th year of King George the 4th, and that it was expedient that discipline should be enforced in the said Marine Establishment in the manner provided by the said Act of the 4th year of King George the Fourth in respect to the other Forces of the said Company, it is enacted, that the provisions of the said Act of the 4th year of King George the 4th, and the Rules and Articles of War made and to be made by virtue thereof should extend and be applied to the Service of "The Bombay Marine," and that all persons in the service of the said Company belonging to the said

Bombay Marine who should be Commissioned or in pay as Officers, or enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army should be to all intents and purposes liable to the provisions of the said Act of the 4th year of His Majesty King George the Fourth, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces, and reciting that it is expedient to provide other means for enforcing discipline in the said Marine Establishment called "The Indian Navy," it was amongst other things enacted that for the retaining the Forces of the said Establishment in their duty the Governor General of India in Council should have power to make Laws and Regulations for securing the observance of an exact discipline in the said Service called "The Indian Navy," and for bringing to a more exemplary and speedy punishment than the usual forms of the Law will allow, all Officers, Engineers, Soldiers, Marines, Seamen and all others belonging to the said Marine Establishment who should mutiny, or stir up sedition, or should desert the said Service, or should commit any other offence which in its nature would be cognizable by Court Martial under the now reciting Act, or which might be against good discipline in Naval Service in the same, and as full and ample manner to all intents and purposes as by virtue of the said Act passed in the Session held in the 3d and 4th years of the reign of his late Majesty King William the Fourth, the said Governor General in Council then had power to make any Laws and Regulations whatsoever, any thing in the said last mentioned Act, or any other Act or Acts to the contrary notwithstanding. And it was thereby provided and enacted, that in case the Court of Directors of the East India Company, under the control of the Board of Commissioners for the Affairs of India, should signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made by virtue of the now reciting Act, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council should forthwith repeal all Laws and Regulations so disallowed. And it was also provided and enacted that all Laws and Regulations made as aforesaid so long as they should remain unrepealed should be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and should be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any public Act of Parliament would and ought to be taken notice of, and it should not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council.

And it was also provided and enacted, that it should not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power should be given to any Court other than the Courts of Justice established by the Charters of the Crown, to sentence to the punishment of death any of Her Majesty's natural born subjects born in Europe or the children of such subjects.

And it was also provided and enacted, that until the said Governor General in Council should have made Laws and Regulations for the goodGovernment of the said "Indian Navy" by virtue of the powers by the now reciting Act for that purpose given, all the provisions of the now reciting Act, and the Rules and Articles of War to be made by virtue thereof should extend and be applied to the said Marine Establishment called the "Indian Navy," and that all persons in the Service of the said Company belonging to the said Indian Navy who should be Commissioned or in pay as Officers, or Enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army, should be to all intents and purposes liable to the provisions of the now reciting Act, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces.

And whereas it is deemed expedient to place the Indian Navy under Articles and Orders as nearly similar as may be to those in force in Her Majesty's Navy, and the Court of Directors of the East India Company have given their previous sanction to the several enactments hereinafter contained, and to all and singular the Laws and Regulations hereby made. Provided also, that nothing in this Act contained shall extend or be construed to extend to empower any Court Martial to be constituted by virtue of this Act, to proceed to the punishment or trial of any Land Officer, or Soldier, on board any Transport Ship, for any of the offences specified in the several Articles contained in this Act.

V. And it is hereby further enacted, that the Governor General of India in Council, and the Governors in Council of Madras and Bombay respectively, shall have full power and authority to grant Commissions to any Officer Commanding in Chief, any Fleet or Squadron of Ships or Vessels of War, to call and assemble Courts Martial, consisting of Captains, Commanders and Lieutenants; and that in case any Officer Commanding in Chief any Fleet or Squadron of Ships or Vessels of War, (who shall be authorized by the Governor General or Governor in Council for the time being, to call and assemble Courts Martial in Foreign parts,) shall happen to die, or be recalled or removed from his command, then the Officer upon whom the command of the said Fleet or Squadron shall devolve, not under the rank of Commander, and so from time to time the Officer not under the rank of Commander, who shall have the command of the said Fleet or Squadron, shall have the same power to call and assemble Courts Martial as the first Commander in Chief of the said Fleet or Squadron was invested with.

VI. Provided always, and it is hereby enacted, that the Commander in Chief of any Fleet or Squadron of the Indian Navy or Detachment thereof, consisting of more than five Ships or Vessels, shall preside at any Court Martial, but that the Officer next in Command to such Officer Commanding in Chief shall hold such Court Martial and preside thereat, any Law, Custom or Usage to the contrary notwithstanding.

VII. And it is hereby further enacted, that if any three or more of the Ships or Vessels of the Indian Navy shall happen to meet together in Foreign parts, then and in such case it shall be lawful for the Senior Officer of the said Ships or Vessels, not under the rank of Commander, to hold Courts Martial and preside thereat from time to time as there shall be occasion during so long time as the said Ships or Vessels of the Indian Navy, or any three or more of them shall continue together.

VIII. Provided nevertheless and it is also enacted, that where any material objection occurs which may render it improper for the person who is next in Command to the Senior Officer or Commander in Chief of any Fleet or Squadron of the Ships of the Indian Navy in Foreign parts, to hold Courts Martial or preside thereat, in such case it shall be lawful for the said Governor General or Governor in Council, as also the Commander in Chief of any such Squadron of the Ships or Vessels of the Indian Navy in Foreign parts respectively, to appoint the third Officer in Command to preside at or hold such Court Martial.

IX. And it is hereby further enacted, that no Court Martial to be held or appointed by virtue of this present Act, shall consist of more than thirteen or less than five persons, to be composed of such Superior Officers, Captains, Commanders or Lieutenants, then and there present as are next in seniority to the Officer who presides at the Court Martial, such Lieutenants not to exceed two-fifths of the whole Court. Provided always, and it is hereby enacted, that nothing herein contained shall extend or be construed to extend to authorize or empower the said Governor General, or Governor in Council, (as the case may be) or any Officer empowered to order or hold Courts Martial to direct or ascertain the particular number of persons of which any Court Martial to be held or appointed by virtue of this Act shall consist.

X. And it is hereby further enacted, that upon all trials of offenders by any Court Martial all the Officers present, who are to constitute the said Court Martial, shall before they proceed to such trial take such oath as is hereinafter mentioned upon the Holy Evangelists before the Court, which oath the Judge Advocate or his Deputy, or the person appointed to officiate as such, is hereby authorized and required to administer in the words following (that is to say)

I, A B, do swear that I will administer justice according to the Articles and Orders established by an Act passed for the better securing the Observance of an exact Discipline in the Indian Navy, without partiality, favor or affection, and if any case shall arise, which is not particularly mentioned in the said Articles and Orders, I will duly administer justice according to my conscience and the best of my understanding. And I do further swear that I will not upon any account at any time whatsoever disclose or discover the vote or opinion of any particular Member of this Court Martial unless thereunto required by an Act of the Governor General of India in Council.

So help me God.

And so soon as the said oath shall have been administered to the respective Members, the President of the Court is hereby authorized and required to administer to the Judge Advocate, or the person officiating as such, an Oath in the following words:

I, A B, do swear that I will not upon any account at any time whatsoever, disclose or discover the vote or opinion of any particular Member of this Court Martial unless thereunto required by an Act of the Governor General of India in Council.

So help me God.

XI. And it is hereby further enacted, that in case any person in the Indian Navy being called upon to give evidence at any Court Martial shall refuse to give his evidence upon oath, or shall prevaricate in his evidence, or behave with contempt to the Court, it

shall and may be lawful for such Court Martial to punish every such offender by imprisonment at the discretion of the Court; such imprisonment not to continue longer than three months in case of such refusal or prevarication, nor longer than one month in the case of such contempt, and that all and every person and persons who shall commit any wilful perjury in any evidence or examination upon oath at any such Court Martial, or who shall corruptly procure or suborn any person to commit such wilful perjury shall and may be prosecuted in Her Majesty's Courts by Indictment or Information, and every issue joined in any such Indictment or Information shall be tried according to the Laws in force in such cases.

XII. And it is further enacted, that in every Information or Indictment to be prosecuted by virtue of this Act for any such offence, it shall be sufficient to set forth the offence charged upon the defendant without setting forth the Commission or Authority for holding the Court Martial, and without setting forth the particular matter tried or to be tried, or directed or intended to be tried before such Court.

XIII. And it is hereby further enacted, that no sentence of death given by any Court Martial shall be put in execution till after the Report of the proceedings of the said Court shall have been made to the said Governor General in Council and his directions shall have been given therein.

XIV. And it is further enacted, that the Judge Advocate for the time being, or his Deputy, shall have full power and authority, and is hereby required to administer an oath to any witness at any trial by Court Martial, and in the absence of the Judge Advocate and his Deputy the Court Martial shall have full power and authority to appoint any person to execute the office of Judge Advocate.

XV. And it is further enacted, that all the powers given by the several Articles and Orders established by this Act shall remain and be in full force with respect to the Crews of such of the Ships or Vessels of the Indian Navy as shall be wrecked, or be otherwise lost or destroyed, and all the command, power and authority of the Officers of the said Ships or Vessels shall remain and be in full force as effectually as if such Ships or Vessels to which they did belong were not so wrecked, lost or destroyed until they shall be regularly discharged from the East India Company's further Service, or remove into some other of the Ships or Vessels of the Indian Navy, or until a Court Martial shall be held to enquire into the causes of the loss of the said Ships or Vessels; and if upon such enquiry it shall appear by the sentence of the Court Martial that all or any of the Officers or Seamen of the said Ships or Vessels did their utmost to preserve, get off or recover the same, and since the loss thereof have behaved themselves obediently to their Superior Officers according to the Discipline of the Indian Navy, and the said Articles and Orders hereinbefore established, then all the pay and wages of the said Officers and Seamen, or of such of them as shall have done their duty as aforesaid, shall continue and go on and be paid to the time of their discharge or death, or if they shall be then alive to the time of the holding of such Court Martial, or removal into some other of the Ships or Vessels of the Indian Navy, and every such Officer and Seamen of the Ships or Vessels of the Indian Navy who after the wreck or loss of his Ship or Vessel shall act contrary to the Discipline of the Indian Navy, and the several Articles and Orders hereinbefore established, or any of them, shall be sentenced by the said Court Martial and punished as if the Ship or Vessel to which he did belong was not so wrecked, lost or destroyed.

XVI. And it is further enacted, that all the pay and wages of such Officers and Seamen of any of the Ships or Vessels of the Indian Navy as are taken by the Enemy, who upon enquiry at a Court Martial shall appear by the sentence of the said Court to have done the utmost to defend the said Ships or Vessels, and since the taking thereof have behaved themselves obediently to their Superior Officers according to the Discipline of the Indian Navy, and the said Articles and Orders hereinbefore established, shall continue and go on and be paid from the time of their being so taken to the time of the holding of such Court Martial, or until they shall be regularly discharged from the East India Company's Service, or removed into some other of the Ships or Vessels of the Indian Navy, or if they shall die in captivity or not live to the time of the holding of such Court Martial to the time of their death in such manner and not otherwise, as if the said Ships or Vessels to which they did belong respectively were not so taken.

XVII. Provided always, and it is further enacted, that no person or persons not flying from justice shall be tried or punished by any Court Martial for any offence to be committed against this Act, unless the complaint of such offence be made in writing to the Governor General in Council or Governor in Council, or some Officer empowered to order a Court Martial, or unless a Court Martial to try such offender shall be ordered by the said Governor General or Governor in Council, or such Officer either within three years after such offence shall be committed, or within one year after the return of the Ship or Vessel or of the Squadron to which such offender shall belong into any of the Ports in the East Indies, or within one year after the return of such offender into the East Indies.

XVIII. Provided always, that nothing in this Act contained shall extend or be construed to extend to take away from the Lord High Admiral of Great Britain, or the Commissioners for executing the office of Lord High Admiral of Great Britain, or any Vice Admiral, or any Judge or Judges of the Admiralty, or his or their Deputy or Deputies, or any other Officers or Ministers of the Admiralty, or any others having or claiming any Admiralty power, jurisdiction or authority within any of the Queen's Dominions, or from any person or Court whatsoever, any power, right, jurisdiction, pre-eminence or authority which he or they, or any of them lawfully hath, have or had, or ought to have or enjoy before the making of this Act, so as the same person shall not be punished twice for the same offence.

XIX. And it is further enacted, that the proceedings of any Court Martial shall not be delayed by the absence of any of its Members, provided a sufficient number doth remain to compose such Court, which shall and is hereby required to sit from day to day, (Sundays always excepted,) until the sentence be given, any thing hereinbefore contained to the contrary thereof in anywise notwithstanding; and no Member of the said Court Martial shall absent himself from the said Court during the whole course of the trial upon pain of being cashiered from the East India Company's Service, except in case of sickness, or other extraordinary and indispensable occasion to be judged of by the said Court.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

LEGISLATIVE.

THE 25TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 25th May 1844, is hereby promulgated for general information.

ACT No. XII. OF 1844.

An Act for better securing the observance of an Exact Discipline in the Indian Navy.

I. Whereas by an Act of the British Parliament passed in the Session held in the 3d and 4th years of His late Majesty King William the 4th, intituled "An Act for effecting an arrangement with the East India Company, and for the better Government of His Majesty's Indian Territories till the 30th day of April 1854"—It is among other things enacted, that the Governor General of India in Council shall have power to make Laws and Regulations for repealing, amending or altering any Laws or Regulations whatever then in force, or thereafter to be in force in the said Territories, or any part thereof, and to make Laws and Regulations for all persons whether British or Native Foreigners, or others, and for all Courts of Justice whether established by His Majesty's Charters or otherwise, and the jurisdiction thereof, and for all places and things whatsoever within and throughout the whole or any part of the said Territories, and for all Servants of the said Company within the dominions of Princes and States in alliance with the said Company, save and except that the said Governor General in Council shall not have the power of making any Laws or Regulations which shall in any way repeal, vary, suspend or affect any of the provisions of the now reciting Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the Service of His Majesty or the said Company, or any provisions of any Act thereafter to be passed in anywise affecting the said Company, or the said Territories or the Inhabitants thereof, or any Laws and Regulations which shall in any way affect any Prerogative of the Crown or the Authority of Parliament, or the constitution or rights of the said Company, or any part of the unwritten Laws or Constitution of the United Kingdom of Great Britain and Ireland, whereon may depend in any degree the allegiance of any person to the Crown of the United Kingdom, or the Sovereignty or Dominion of the said Crown over any part of the said Territories.

And it is thereby provided and enacted, that in case the Court of Directors of the said Company, under such control as by the now reciting Act is provided, shall signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all Laws and Regulations so disallowed. And it is also provided and enacted, that all Laws and Regulations made as aforesaid so long as they shall remain unrepealed shall be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and shall be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any Public Act of Parliament would and ought to be taken notice of, and it shall not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council. And it is thereby also provided and enacted, that it shall not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power shall be given to any Courts of Justice other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death, any of His Majesty's natural born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

And whereas by another Act passed in the Session held in the 3d and 4th years of the Reign of Her present Majesty, intituled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of Discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental debts and the distribution of the Effects of Officers and Soldiers dying in Service," reciting that the said Company for the safety and protection of the Territories under their Government in addition to their Land Forces maintain a Marine Establishment theretofore called "The Bombay Marine," but then called "The Indian Navy;" and that by an Act passed in the 9th year of the Reign of King George the 4th, intituled "An Act to extend the provisions of the East India Mutiny Act to the Bombay Marine," reciting an Act of the 4th year of King George the 4th, and that it was expedient that discipline should be enforced in the said Marine Establishment in the manner provided by the said Act of the 4th year of King George the Fourth in respect to the other Forces of the said Company, it is enacted, that the provisions of the said Act of the 4th year of King George the 4th, and the Rules and Articles of War made and to be made by virtue thereof should extend and be applied to the Service of "The Bombay Marine," and that all persons in the service of the said Company belonging to the said

Bombay Marine who should be Commissioned or in pay as Officers, or enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army should be to all intents and purposes liable to the provisions of the said Act of the 4th year of His Majesty King George the Fourth, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces, and reciting that it is expedient to provide other means for enforcing discipline in the said Marine Establishment called "The Indian Navy," it was amongst other things enacted that for the retaining the Forces of the said Establishment in their duty the Governor General of India in Council should have power to make Laws and Regulations for securing the observance of an exact discipline in the said Service called "The Indian Navy," and for bringing to a more exemplary and speedy punishment than the usual forms of the Law will allow, all Officers, Engineers, Soldiers, Marines, Seamen and all others belonging to the said Marine Establishment who should mutiny, or stir up sedition, or should desert the said Service, or should commit any other offence which in its nature would be cognizable by Court Martial under the now reciting Act, or which might be against good discipline in Naval Service in the same, and as full and ample manner to all intents and purposes as by virtue of the said Act passed in the Session held in the 3d and 4th years of the reign of his late Majesty King William the Fourth, the said Governor General in Council then had power to make any Laws and Regulations whatsoever, any thing in the said last mentioned Act, or any other Act or Acts to the contrary notwithstanding. And it was thereby provided and enacted, that in case the Court of Directors of the East India Company, under the control of the Board of Commissioners for the Affairs of India, should signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made by virtue of the now reciting Act, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council should forthwith repeal all Laws and Regulations so disallowed. And it was also provided and enacted that all Laws and Regulations made as aforesaid so long as they should remain unrepealed should be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and should be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any public Act of Parliament would and ought to be taken notice of, and it should not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council.

And it was also provided and enacted, that it should not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power should be given to any Court other than the Courts of Justice established by the Charters of the Crown, to sentence to the punishment of death any of Her Majesty's natural born subjects born in Europe or the children of such subjects.

And it was also provided and enacted, that until the said Governor General in Council should have made Laws and Regulations for the good Government of the said "Indian Navy" by virtue of the powers by the now reciting Act for that purpose given, all the provisions of the now reciting Act, and the Rules and Articles of War to be made by virtue thereof should extend and be applied to the said Marine Establishment called the "Indian Navy," and that all persons in the Service of the said Company belonging to the said Indian Navy who should be Commissioned or in pay as Officers, or Enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army, should be to all intents and purposes liable to the provisions of the now reciting Act, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces.

And whereas it is deemed expedient to place the Indian Navy under Articles and Orders as nearly similar as may be to those in force in Her Majesty's Navy, and the Court of Directors of the East India Company have given their previous sanction to the several enactments hereinafter contained, and to all and singular the Laws and Regulations hereby made. Now it is therefore hereby enacted, that from and after the first day of October 1844, the Articles and Orders hereinafter following as well in time of Peace as in time of War shall be duly observed and put in execution in manner hereinafter mentioned.

1. All Captains, Commanders, and Officers, in or belonging to any of the East India Company's Ships or Vessels of War shall cause the public Worship of Almighty God according to the Liturgy of the Church of England established by Law to be solemnly, orderly and reverently performed in their respective Ships, and shall take care that Prayers and Preaching be performed diligently, and that the Lord's Day be observed according to Law.

34. Every person belonging to the Indian Navy, being in actual service and full pay, who shall be guilty of Mutiny, Desertion, or Disobedience to

any lawful command, in any part of the Territories under the Government of the East India Company, on shore, when in actual service relative to the Indian Navy, shall be liable to be tried by a Court Martial, and suffer the like punishment for every such offence as if the same had been committed at Sea on board any Ships or Vessels of the Indian Navy.

35. If any person belonging to the Indian Navy, who shall be in actual service and full pay, shall commit upon the shore in any place or places out of the Territories under the Government of the East India Company, any of the crimes punishable by these Articles and Orders, the person so offending shall be liable to be tried and punished for the same in like manner to all intents and purposes as if the said crimes had been committed at Sea on board any of the Ships or Vessels of the Indian Navy.

II. Provided always, that no person convicted of any offence, shall by the sentence of any Court Martial, to be held by virtue of this Act, be adjudged to be imprisoned for a longer term than the space of two years.

III. Provided also, that nothing in this Act contained shall extend, or be construed to extend to empower any Court Martial to be constituted by virtue of this Act to proceed to the punishment or trial of any of the offences specified in the several Articles contained in this Act, or of any offence whatsoever (other than the offences specified in the 5th, 34th and 35th of the foregoing Articles and Orders), which shall not be committed upon the Main Sea or in Great Rivers only beneath the Bridges of the said Rivers nigh to the Sea, or any Haven, River, or Creek within the jurisdiction of the Admiralty, and which shall not be committed by such persons as at the time of the offence committed shall be in actual service and full pay in the Indian Navy, such persons only excepted, and for such offences only as are described in the 5th of the foregoing Articles and Orders.

IV. Provided also, that nothing in this Act contained shall extend or be construed to extend to empower any Court Martial to be constituted by virtue of this Act, to proceed to the punishment or trial of any Land Officer, or Soldier, on board any Transport Ship, for any of the offences specified in the several Articles contained in this Act.

V. And it is hereby further enacted, that the Governor General of India in Council, and the Governors in Council of Madras and Bombay respectively, shall have full power and authority to grant Commissions to any Officer Commanding in Chief, any Fleet or Squadron of Ships or Vessels of War, to call and assemble Courts Martial, consisting of Captains, Commanders and Lieutenants; and that in case any Officer Commanding in Chief any Fleet or Squadron of Ships or Vessels of War, (who shall be authorized by the Governor General or Governor in Council for the time being, to call and assemble Courts Martial in Foreign parts,) shall happen to die, or be recalled or removed from his command, then the Officer upon whom the command of the said Fleet or Squadron shall devolve, not under the rank of Commander, and so from time to time the Officer not under the rank of Commander, who shall have the command of the said Fleet or Squadron, shall have the same power to call and assemble Courts Martial as the first Commander in Chief of the said Fleet or Squadron was invested with.

VI. Provided always, and it is hereby enacted, that no Commander in Chief of any Fleet or Squadron of the Indian Navy or Detachment thereof, consisting of more than five Ships or Vessels, shall preside at any Court Martial, but that the Officer next in Command to such Officer Commanding in Chief shall hold such Court Martial and preside thereat, any Law, Custom or Usage to the contrary notwithstanding.

VII. And it is hereby further enacted, that if any three or more of the Ships or Vessels of the Indian Navy shall happen to meet together in Foreign parts, then and in such case it shall be lawful for the Senior Officer of the said Ships or Vessels, not under the rank of Commander, to hold Courts Martial and preside thereat from time to time as there shall be occasion during so long time as the said Ships or Vessels of the Indian Navy, or any three or more of them shall continue together.

VIII. Provided nevertheless and it is also enacted, that where any material objection occurs which may render it improper for the person who is next in Command to the Senior Officer or Commander in Chief of any Fleet or Squadron of the Ships of the Indian Navy in Foreign parts, to hold Courts Martial or preside thereat, in such case it shall be lawful for the said Governor General or Governor in Council, as also the Commander in Chief of any such Squadron of the Ships or Vessels of the Indian Navy in Foreign parts respectively, to appoint the third Officer in Command to preside at or hold such Court Martial.

IX. And it is hereby further enacted, that no Court Martial to be held or appointed by virtue of this present Act, shall consist of more than thirteen or less than five persons, to be composed of such Superior Officers, Captains, Commanders or Lieutenants, then and there present as are next in seniority to the Officer who presides at the Court Martial, such Lieutenants not to exceed two-fifths of the whole Court. Provided always, and it is hereby enacted, that nothing herein contained shall extend or be construed to extend to authorize or empower the said Governor General, or Governor in Council, (as the case may be) or any Officer empowered to order or hold Courts Martial to direct or ascertain the particular number of persons of which any Court Martial to be held or appointed by virtue of this Act shall consist.

X. And it is hereby further enacted, that upon all trials of offenders by any Court Martial all the Officers present, who are to constitute the said Court Martial, shall before they proceed to such trial take such oath as is hereinafter mentioned upon the Holy Evangelists before the Court, which oath the Judge Advocate or his Deputy, or the person appointed to officiate as such, is hereby authorized and required to administer in the words following (that is to say)

I, A B, do swear that I will administer justice according to the Articles and Orders established by an Act passed for the better securing the Observance of an exact Discipline in the Indian Navy, without partiality, favor or affection, and if any case shall arise, which is not particularly mentioned in the said Articles and Orders, I will duly administer justice according to my conscience and the best of my understanding. And I do further swear that I will not upon any account at any time whatsoever disclose or discover the vote or opinion of any particular Member of this Court Martial unless thereunto required by an Act of the Governor General of India in Council.

So help me God.

And so soon as the said oath shall have been administered to the respective Members, the President of the Court is hereby authorized and required to administer to the Judge Advocate, or the person officiating as such, an Oath in the following words:

I, A B, do swear that I will not upon any account at any time whatsoever, disclose or discover the vote or opinion of any particular Member of this Court Martial unless thereunto required by an Act of the Governor General of India in Council.

So help me God.

XI. And it is hereby further enacted, that in case any person in the Indian Navy being called upon to give evidence at any Court Martial shall refuse to give his evidence upon oath, or shall prevaricate in his evidence, or behave with contempt to the Court, it

shall and may be lawful for such Court Martial to punish every such offender by imprisonment at the discretion of the Court; such imprisonment not to continue longer than three months in case of such refusal or prevarication, nor longer than one month in the case of such contempt, and that all and every person and persons who shall commit any wilful perjury in any evidence or examination upon oath at any such Court Martial, or who shall corruptly procure or suborn any person to commit such wilful perjury shall and may be prosecuted in Her Majesty's Courts by Indictment or Information, and every issue joined in any such Indictment or Information shall be tried according to the Laws in force in such cases.

XII. And it is further enacted, that in every Information or Indictment to be prosecuted by virtue of this Act for any such offence, it shall be sufficient to set forth the offence charged upon the defendant without setting forth the Commission or Authority for holding the Court Martial, and without setting forth the particular matter tried or to be tried, or directed or intended to be tried before such Court.

XIII. And it is hereby further enacted, that no sentence of death given by any Court Martial shall be put in execution till after the Report of the proceedings of the said Court shall have been made to the said Governor General in Council and his directions shall have been given therein.

XIV. And it is further enacted, that the Judge Advocate for the time being, or his Deputy, shall have full power and authority, and is hereby required to administer an oath to any witness at any trial by Court Martial, and in the absence of the Judge Advocate and his Deputy the Court Martial shall have full power and authority to appoint any person to execute the office of Judge Advocate.

XV. And it is further enacted, that all the powers given by the several Articles and Orders established by this Act shall remain and be in full force with respect to the Crews of such of the Ships or Vessels of the Indian Navy as shall be wrecked, or be otherwise lost or destroyed, and all the command, power and authority of the Officers of the said Ships or Vessels shall remain and be in full force as effectually as if such Ships or Vessels to which they did belong were not so wrecked, lost or destroyed until they shall be regularly discharged from the East India Company's further Service, or remove into some other of the Ships or Vessels of the Indian Navy, or until a Court Martial shall be held to enquire into the causes of the loss of the said Ships or Vessels; and if upon such enquiry it shall appear by the sentence of the Court Martial that all or any of the Officers or Seamen of the said Ships or Vessels did their utmost to preserve, get off or recover the same, and since the loss thereof have behaved themselves obediently to their Superior Officers according to the Discipline of the Indian Navy, and the said Articles and Orders hereinbefore established, then all the pay and wages of the said Officers and Seamen, or of such of them as shall have done their duty as aforesaid, shall continue and go on and be paid to the time of their discharge or death, or if they shall be then alive to the time of the holding of such Court Martial, or removal into some other of the Ships or Vessels of the Indian Navy, and every such Officer and Seamen of the Ships or Vessels of the Indian Navy who after the wreck or loss of his Ship or Vessel shall act contrary to the Discipline of the Indian Navy, and the several Articles and Orders hereinbefore established, or any of them, shall be sentenced by the said Court Martial and punished as if the Ship or Vessel to which he did belong was not so wrecked, lost or destroyed.

XVI. And it is further enacted, that all the pay and wages of such Officers and Seamen of any of the Ships or Vessels of the Indian Navy as are taken by the Enemy, who upon enquiry at a Court Martial shall appear by the sentence of the said Court to have done the utmost to defend the said Ships or Vessels, and since the taking thereof have behaved themselves obediently to their Superior Officers according to the Discipline of the Indian Navy, and the said Articles and Orders hereinbefore established, shall continue and go on and be paid from the time of their being so taken to the time of the holding of such Court Martial, or until they shall be regularly discharged from the East India Company's Service, or removed into some other of the Ships or Vessels of the Indian Navy, or if they shall die in captivity or not live to the time of the holding of such Court Martial to the time of their death in such manner and not otherwise, as if the said Ships or Vessels to which they did belong respectively were not so taken.

XVII. Provided always, and it is further enacted, that no person or persons not flying from justice shall be tried or punished by any Court Martial for any offence to be committed against this Act, unless the complaint of such offence be made in writing to the Governor General in Council or Governor in Council, or some Officer empowered to order a Court Martial, or unless a Court Martial to try such offender shall be ordered by the said Governor General or Governor in Council, or such Officer either within three years after such offence shall be committed, or within one year after the return of the Ship or Vessel or of the Squadron to which such offender shall belong into any of the Ports in the East Indies, or within one year after the return of such offender into the East Indies.

XVIII. Provided always, that nothing in this Act contained shall extend or be construed to extend to take away from the Lord High Admiral of Great Britain, or the Commissioners for executing the office of Lord High Admiral of Great Britain, or any Vice Admiral, or any Judge or Judges of the Admiralty, or his or their Deputy or Deputies, or any other Officers or Ministers of the Admiralty, or any others having or claiming any Admiralty power, jurisdiction or authority within any of the Queen's Dominions, or from any person or Court whatsoever, any power, right, jurisdiction, pre-eminence or authority which he or they, or any of them lawfully hath, have or had, or ought to have or enjoy before the making of this Act, so as the same person shall not be punished twice for the same offence.

XIX. And it is further enacted, that the proceedings of any Court Martial shall not be delayed by the absence of any of its Members, provided a sufficient number doth remain to compose such Court, which shall and is hereby required to sit from day to day, (Sundays always excepted,) until the sentence be given, any thing hereinbefore contained to the contrary thereof in anywise notwithstanding; and no Member of the said Court Martial shall absent himself from the said Court during the whole course of the trial upon pain of being cashiered from the East India Company's Service, except in case of sickness, or other extraordinary and indispensable occasion to be judged of by the said Court.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding $\frac{1}{2}$ an ounce, 8 Annas,... (1 Shilling)
Above $\frac{1}{2}$, and not exceeding 1 ounce, 1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces, 2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces, 3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

HOME DEPARTMENT.

LEGISLATIVE.

THE 25TH MAY, 1844.

The following Act, passed by the Right Hon'ble the Governor General of India in Council, on the 25th May 1844, is hereby promulgated for general information.

ACT No. XII. OF 1844.

An Act for better securing the observance of an Exact Discipline in the Indian Navy.

I. Whereas by an Act of the British Parliament passed in the Session held in the 3d and 4th years of His late Majesty King William the 4th, intituled "An Act for effecting an arrangement with the East India Company, and for the better Government of His Majesty's Indian Territories till the 30th day of April 1854"—It is among other things enacted, that the Governor General of India in Council shall have power to make Laws and Regulations for repealing, amending or altering any Laws or Regulations whatever then in force, or thereafter to be in force in the said Territories, or any part thereof, and to make Laws and Regulations for all persons whether British or Native Foreigners, or others, and for all Courts of Justice whether established by His Majesty's Charters or otherwise, and the jurisdiction thereof, and for all places and things whatsoever within and throughout the whole or any part of the said Territories, and for all Servants of the said Company within the dominions of Princes and States in alliance with the said Company, save and except that the said Governor General in Council shall not have the power of making any Laws or Regulations which shall in any way repeal, vary, suspend or affect any of the provisions of the now reciting Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the Service of His Majesty or the said Company, or any provisions of any Act thereafter to be passed in anywise affecting the said Company, or the said Territories or the Inhabitants thereof, or any Laws and Regulations which shall in any way affect any Prerogative of the Crown or the Authority of Parliament, or the constitution or rights of the said Company, or any part of the unwritten Laws or Constitution of the United Kingdom of Great Britain and Ireland, whereon may depend in any degree the allegiance of any person to the Crown of the United Kingdom, or the Sovereignty or Dominion of the said Crown over any part of the said Territories.

And it is thereby provided and enacted, that in case the Court of Directors of the said Company, under such control as by the now reciting Act is provided, shall signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all Laws and Regulations so disallowed. And it is also provided and enacted, that all Laws and Regulations made as aforesaid so long as they shall remain unrepealed shall be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and shall be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any Public Act of Parliament would and ought to be taken notice of, and it shall not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council. And it is thereby also provided and enacted, that it shall not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power shall be given to any Courts of Justice other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death, any of His Majesty's natural born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

And whereas by another Act passed in the Session held in the 3d and 4th years of the Reign of Her present Majesty, intituled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of Discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental debts and the distribution of the Effects of Officers and Soldiers dying in Service," reciting that the said Company for the safety and protection of the Territories under their Government in addition to their Land Forces maintain a Marine Establishment theretofore called "The Bombay Marine," but then called "The Indian Navy;" and that by an Act passed in the 9th year of the Reign of King George the 4th, intituled "An Act to extend the provisions of the East India Mutiny Act to the Bombay Marine," reciting an Act of the 4th year of King George the 4th, and that it was expedient that discipline should be enforced in the said Marine Establishment in the manner provided by the said Act of the 4th year of King George the Fourth in respect to the other Forces of the said Company, it is enacted, that the provisions of the said Act of the 4th year of King George the 4th, and the Rules and Articles of War made and to be made by virtue thereof should extend and be applied to the Service of "The Bombay Marine," and that all persons in the service of the said Company belonging to the said

Bombay Marine who should be Commissioned or in pay as Officers, or enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army should be to all intents and purposes liable to the provisions of the said Act of the 4th year of His Majesty King George the Fourth, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces, and reciting that it is expedient to provide other means for enforcing discipline in the said Marine Establishment called "The Indian Navy," it was amongst other things enacted that for the retaining the Forces of the said Establishment in their duty the Governor General of India in Council should have power to make Laws and Regulations for securing the observance of an exact discipline in the said Service called "The Indian Navy," and for bringing to a more exemplary and speedy punishment than the usual forms of the Law will allow, all Officers, Engineers, Soldiers, Marines, Seamen and all others belonging to the said Marine Establishment who should mutiny, or stir up sedition, or should desert the said Service, or should commit any other offence which in its nature would be cognizable by Court Martial under the now reciting Act, or which might be against good discipline in Naval Service in the same, and as full and ample manner to all intents and purposes as by virtue of the said Act passed in the Session held in the 3d and 4th years of the reign of his late Majesty King William the Fourth, the said Governor General in Council then had power to make any Laws and Regulations whatsoever, any thing in the said last mentioned Act, or any other Act or Acts to the contrary notwithstanding. And it was thereby provided and enacted, that in case the Court of Directors of the East India Company, under the control of the Board of Commissioners for the Affairs of India, should signify to the said Governor General in Council their disallowance of any Laws or Regulations by the said Governor General in Council made by virtue of the now reciting Act, then and in every such case upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council should forthwith repeal all Laws and Regulations so disallowed. And it was also provided and enacted that all Laws and Regulations made as aforesaid so long as they should remain unrepealed should be of the same force and effect within and throughout the said Territories as any Act of Parliament would or ought to be within the same Territories, and should be taken notice of by all Courts of Justice whatsoever within the same Territories in the same manner as any public Act of Parliament would and ought to be taken notice of, and it should not be necessary to register or publish in any Court of Justice any Laws or Regulations made by the said Governor General in Council.

And it was also provided and enacted, that it should not be lawful for the said Governor General in Council without the previous sanction of the said Court of Directors, to make any Law or Regulation whereby power should be given to any Court other than the Courts of Justice established by the Charters of the Crown, to sentence to the punishment of death any of Her Majesty's natural born subjects born in Europe or the children of such subjects.

And it was also provided and enacted, that until the said Governor General in Council should have made Laws and Regulations for the good Government of the said "Indian Navy" by virtue of the powers by the now reciting Act for that purpose given, all the provisions of the now reciting Act, and the Rules and Articles of War to be made by virtue thereof should extend and be applied to the said Marine Establishment called the "Indian Navy," and that all persons in the Service of the said Company belonging to the said Indian Navy who should be Commissioned or in pay as Officers, or Enlisted or in pay as Non-Commissioned Officers or Soldiers respectively in the said Company's Army, should be to all intents and purposes liable to the provisions of the now reciting Act, and to the same Rules and Articles of War, and the same penalties as the Officers and Soldiers of the said Company's other Forces.

And whereas it is deemed expedient to place the Indian Navy under Articles and Orders as nearly similar as may be to those in force in Her Majesty's Navy, and the Court of Directors of the East India Company have given their previous sanction to the several enactments hereinafter contained, and to all and singular the Laws and Regulations hereby made. Now it is therefore hereby enacted, that from and after the first day of October 1844, the Articles and Orders hereinafter following as well in time of Peace as in time of War shall be duly observed and put in execution in manner hereinafter mentioned.

1. All Captains, Commanders, and Officers, in or belonging to any of the East India Company's Ships or Vessels of War shall cause the public Worship of Almighty God according to the Liturgy of the Church of England established by Law to be solemnly, orderly and reverently performed in their respective Ships, and shall take care that Prayers and Preaching be performed diligently, and that the Lord's Day be observed according to Law.

2. All Officers, Engineers, Soldiers, Marines, Seamen and others belonging to the Indian Navy, being guilty of profane Oaths, Cursing, Execrations, Drunkenness, Uncleanness or other Scandalous Actions, in derogation of God's honor and corruption of good manners shall incur such punishment as a Court Martial shall think fit to impose, and as the nature and degree of their offence shall deserve.

3. 8. No person in or belonging to the Indian Navy shall take out of any Prize, or Ship or Vessel seized for prize, any Money, Plate or Goods, unless it shall be necessary for the better securing thereof, or for the necessary use and service of any of Her Majesty's Ships or Vessels of War, or of any of the Ships or Vessels of the Indian Navy, before the same be adjudged lawful prize in some Admiralty or other competent Court, but the full and entire account of the whole without embezzlement shall be brought in and judgment passed entirely upon the whole without fraud, and upon pain that every person offending herein shall forfeit and lose all share of the capture, and suffer such further punishment as shall be imposed by a Court Martial, or such Court of Admiralty according to the nature and degree of the offence.

11. Every person belonging to the Indian Navy who shall not duly observe the orders of the Officer Commanding in Chief the Squadron or Division, or other his Superior Officer, for assailing, joining battle with, or making defence against any Fleet, Squadron, or Ship or Vessel, or shall not obey the orders of his Superior Officer as aforesaid in time of action to the best of his power, or shall not use all possible endeavours to put the same effectually in execution, every such person so offending and being convicted thereof by the sentence of a Court Martial shall suffer death, or such other punishment as from the nature and degree of the offence a Court Martial shall deem him to deserve.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings)
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTICE

IS hereby given, that a Light is now exhibited on the New Light House erected on the Great Savage Rock at the entrance of the Arracan River in Lat. 20° 5′ N. Long. 92° 55′ 38″ E. The Light is elevated 106 feet above the level of the Sea, and may be seen from the Deck of a Ship in clear weather at a distance of 15 miles. The following Directions by Captain Paterson, Commander of the H. Co.'s Ship Amherst, for entering the Port of Akyab at night, by the aid of this Light, and one intended to be placed on a Light House now erecting on Mosque Point, within the River, are published for general information.

By order of the Acting Superintendent of Marine,

A. B. CLAPPERTON,
Offg. Secretary.

Fort William, the 7th June, 1844.

Sailing Directions for the Port of Akyab, in the Arracan River.

Ships sailing for Akyab during the South West Monsoon should steer for the South end of the Western Bolongo, in Lat. 19° 50′ N. Long. 93° 3′ E., then standing along the Coast to the Northward and Westward about five or six miles off Shore, until the Light is lighted on the Great Savage, at the entrance of the Arracan River, then steer so as to bring it to bear N. by East or N. N. E., and if they intend to run in during night, with either of these bearings they will [illegible] the bar in the best water, in three fathoms [illegible] water spring tides.

After deepening across it, the course shoul[illegible] altered to N. by W. or even N. N. W., accor[illegible] to the state of the Tide and Sea at the tim[illegible] avoid the Western Rocks (above water) bea[illegible] from the Light S. W. ½ S., distant nearly h[illegible] mile; the Flood Tide sets in on these Rocks.

When the Light bears East in six to [illegible] fathoms on the edge of the flat to the Westw[illegible] the course must be altered to N. N. E. and [illegible] by N., having brought the Light to [illegible] S. S. ½ S. the Ship will be inside of Passage [illegible] which is five to seven feet above water, and [illegible] from the Savage Light N. W. ½ N., dista[illegible] quarter of a mile, and should then steer N [illegible] Easterly, to avoid the Reef projecting [illegible] Mosque Point a mile in extent to the So[illegible] some of the Rocks are above water at half [illegible] There is a Red Buoy placed on the Sout[illegible] entrance in about nine fathoms, which with a[illegible] tion may be seen in a clear night without [illegible] Moon, and after bringing Mosque Point [illegible] bear N. W. by N. to N. W. the Ship shou[illegible] anchor.

On Mosque Point a small Light House [illegible] nearly finished, the Light of which will be a de[illegible] red, and will be seen about six miles or three [illegible] miles beyond the bar as a leading mark to clear [illegible] the Western Rocks, keeping it a little open to [illegible] the Westward of the Savage Light when steer[illegible] ing in or out, also to point out when the Ship is [illegible] inside of the Reef off Mosque Point. With the [illegible] this Light bearing N. W. by N. to N. W. is good [illegible] Anchorage, having excellent holding ground and [illegible] perfectly sheltered from the Sea.

A stranger should not attempt to run in at [illegible] night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon Ships bound to Akyab, from the Northward, should endeavour to make the Table Land of the Western Bolongo in Lat. 20° 1′ N., then steering due East they will avoid the Oyster Reef in Lat. 20° 5′ N. Long. 92° 40′ East, which is distant from the Savage

Light fifteen miles due West. This course is recommended, as although in favorable weather the Savage Light is seen outside the Reef in 16 to 17 fathoms water, the depth suddenly decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Nortward of Lat. 20° 1′, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.

JAMES PATERSON,
Comdr. H. Co.'s Ship Amherst.

Board of Customs, Salt and Opium, having ason to believe, from applications recently to them for re-deliveries of Salt at prime s a relief from the pressure of accidental that the principle on which that indulgence en occasionally allowed, is misunderstood, it by notified, that application of this nature the parties may desire to submit for consi- on should be confined to cases shewing the to have occurred at or in the immediate vici- of a Ghaut whereat the boat may have been ined for Government purposes.

It is understood that loss of Salt laden boats, under the above circumstances, proceeding from the carelessness of Churrundars, or Mangies, or from the unsoundness of the Crafts, debars the Proprietors of the Cargo from claim to re-delivery.

There is, however, nothing to preclude the Board from entertaining, or from submitting for the orders of Government, any cases in which loss may have been sustained under extraordinary circumstances arising out of singular stress of weather or other unusual cause.

13th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the Jurisdiction of the said Supreme Court shall be waived.

14th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1.—Certificate of the Opium now advertised for Sale.

No. 2.—Report of the Examination of such Opium.

15th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1842-43, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16th.—Four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Application having been made by the French Authorities for the 300 Chests of Opium deliverable to them, under the 6th Article of the Convention between Great Britain and France, dated 7th March 1815, in the proportions stated in the margin, it is hereby notified that in the event of the whole, or any portion of the Opium thus claimed by the French Government, not being cleared out within the limited period allowed for clearance, viz., one month from the date of the sale, such quantity of Opium (or any part thereof) as may remain uncleared, will be sold at the sale next ensuing the date of payment, or disposed of at a sale to be held expressly for the purpose.

the 7th June, 1844.

Sailing Directions for the Port of Akyab, in the Arracan River.

Ships sailing for Akyab during the South West Monsoon should steer for the South end of the Western Bolongo, in Lat. 19° 50′ N. Long. 93° 3′ then standing along the Coast to the Northward and Westward about five or six miles off shore, until the Light is sighted on the Great Savage Rock at the entrance of the Arracan River, so as to bring it to bear N. by East or either of these bearings they will cross the best water, in three fathoms low water tides.

If the Light bears East in six to nine fathoms on the edge of the flat to the Westward, the course must be altered to N. N. E. and N. E. having brought the Light to bear S. E. by the Ship will be inside of Passage Rock, in five to seven feet above water, and bears Savage Light N. W. ½ N., distant a mile, and should then steer N. E. to avoid the Reef projecting from Point a mile in extent to the South; the Rocks are above water at half ebb. a Red Buoy placed on the Southern in about nine fathoms, which with attention be seen in a clear night without the and after bringing Mosque Point to N. by N. to N. W. the Ship should be in safety.

On Mosque Point a small Light House is erected, the Light of which will be a deep will be seen about six miles or three beyond the bar as a leading mark to clear Western Rocks, keeping it a little open to Westward of the Savage Light when steering out, also to point out when the Ship is off the Reef off Mosque Point. With bearing N. W. by N. to N. W. is good anchorage, having excellent holding ground and sheltered from the Sea.

A stranger should not attempt to run in at night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon Ships bound to Akyab, from the Northward, should endeavour to make the Table Land of the Western Bolongo in Lat. 20° 1′ N., then steering due East they will avoid the Oyster Reef in Lat. 20° 5′ N. Long. 92° 40′ East, which is distant from the Savage Light fifteen miles due West. This course is recommended, as although in favorable weather the Savage Light is seen outside the Reef in 16 to 17 fathoms water, the depth suddenly decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Nortward of Lat. 20° 1′, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.

JAMES PATERSON,

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post-Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

WM. MOORE,
Deputy Posty Master.

NOTICE

IS hereby given, that a Light is now exhibited on the New Light House erected on the Great Savage Rock at the entrance of the Arracan River in Lat. 20° 5′ N. Long. 92° 55′ 38″ E. The Light is elevated 106 feet above the level of the Sea, and may be seen from the Deck of a Ship in clear weather at a distance of 15 miles. The following Directions by Captain Paterson, Commander of the H. Co.'s Ship Amherst, for entering the Port of Akyab at night, by the aid of this Light, and one intended to be placed on a Light House now erecting on Mosque Point, within the River, are published for general information.

By order of the Acting Superintendent of Marine,

A. B. CLAPPERTON,
Offg. Secretary.

Fort William, the 7th June, 1844.

Sailing Directions for the Port of Akyab, in the Arracan River.

Ships sailing for Akyab during the South West Monsoon should steer for the South end of the Western Bolongo, in Lat. 19° 50′ N. Long. 93° 3′ E., then standing along the Coast to the Northward and Westward about five or six miles off Shore, until the Light is sighted on the Great Savage, at the entrance of the Arracan River, then steer so as to bring it to bear N. by East or N. N. E., and if they intend to run in during the night, with either of these bearings they will cross the bar in the best water, in three fathoms low water spring tides.

After deepening across it, the course should be altered to N. by W. or even N. N. W., according to the state of the Tide and Sea at the time to avoid the Western Rocks (above water) bearing from the Light S. W. ½ S., distant nearly half a mile; the Flood Tide sets in on these Rocks.

When the Light bears East in six to nine fathoms on the edge of the flat to the Westward, the course must be altered to N. N. E. and N. E. by N., having brought the Light to bear S. E. by S. ½ S. the Ship will be inside of Passage Rock, which is five to seven feet above water, and bears from the Savage Light N. W. ½ N., distant a quarter of a mile, and should then steer N. E. Easterly, to avoid the Reef projecting from Mosque Point a mile in extent to the South some of the Rocks are above water at half ebb. There is a Red Buoy placed on the Southern entrance in about nine fathoms, which with attention may be seen in a clear night without the Moon, and after bringing Mosque Point to bear N. W. by N. to N. W. the Ship should anchor.

On Mosque Point a small Light House is nearly finished, the Light of which will be a deep red, and will be seen about six miles or three miles beyond the bar as a leading mark to clear the Western Rocks, keeping it a little open to the Westward of the Savage Light when steering in or out, also to point out when the inside of the Reef off Mosque Point. With this Light bearing N. W. by N. to N. W. is good Anchorage, having excellent holding ground and perfectly sheltered from the Sea.

A stranger should not attempt to run in at night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon Ships bound to Akyab, from the Northward, should endeavour to make the Table Land of the Western Bolongo in Lat. 20° 1′ N., then steering due East they will avoid the Oyster Reef in Lat. 20° 5′ N. Long. 92° 40′ East, which is distant from the Savage Light fifteen miles due West. This course is recommended, as although in favorable weather the Savage Light is seen outside the Reef in 16 to 17 fathoms water, the depth suddenly decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Nortward of Lat. 20° 1′, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.

JAMES PATERSON,
Comdr. H. Co.'s Ship Amherst.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
"*Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

NOTICE

IS hereby given, that a Light is now exhibited on the New Light House erected on the Great Savage Rock at the entrance of the Arracan River in Lat. 20° 5′ N. Long. 92° 55′ 38″ E. The Light is elevated 106 feet above the level of the Sea, and may be seen from the Deck of a Ship in clear weather at a distance of 15 miles. The following Directions by Captain Paterson, Commander of the H. Co.'s Ship Amherst, for entering the Port of Akyab at night, by the aid of this Light, and one intended to be placed on a Light House now erecting on Mosque Point, within the River, are published for general information.

By order of the Acting Superintendent of Marine,

A. B. CLAPPERTON,
Offg. Secretary.

Fort William, the 7th June, 1844.

Sailing Directions for the Port of Akyab, in the Arracan River.

Ships sailing for Akyab during the South West Monsoon should steer for the South end of the Western Bolongo, in Lat. 19° 50′ N. Long. 93° 3′ E., then standing along the Coast to the Northward and Westward about five or six miles off Shore, until the Light is sighted on the Great Savage, at the entrance of the Arracan River, then steer so as to bring it to bear N. by East or N. N. E., and if they intend to run in during the night, with either of these bearings they will cross the bar in the best water, in three fathoms low water spring tides.

After deepening across it, the course should be altered to N. by W. or even N. N. W., according to the state of the Tide and Sea at the time to avoid the Western Rocks (above water) bearing from the Light S. W. $\frac{1}{2}$ S., distant nearly half a mile; the Flood Tide sets in on these Rocks.

When the Light bears East in six to nine fathoms on the edge of the flat to the Westward, the course must be altered to N. N. E. and N. E. by N, having brought the Light to bear S. E. by S. $\frac{1}{2}$ S. the Ship will be inside of Passage Rock, which is five to seven feet above water, and bears from the Savage Light N. W. $\frac{1}{2}$ N. distant a quarter of a mile, and should then steer N. E. Easterly, to avoid the Reef projecting from Mosque Point a mile in extent to the South; some of the Rocks are above water at half ebb. There is a Red Buoy placed on the Southern entrance in about nine fathoms, which with attention may be seen in a clear night without the Moon, and after bringing Mosque Point to bear N. W. by N. to N. W. the Ship should anchor.

On Mosque Point a small Light House is nearly finished, the Light of which will be a deep red, and will be seen about six miles or three miles beyond the bar as a leading mark to clear the Western Rocks, keeping it a little open to the Westward of the Savage Light when steering in or out, also to point out when the Ship is inside of the Reef off Mosque Point. When this Light bearing N. W. by N. to N. W. is good Anchorage, having excellent holding ground and perfectly sheltered from the Sea.

A stranger should not attempt to run in at night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon Ships bound to Akyab, from the Northward, should endeavour to make the Table Land of the West[illegible] Lat. 20° 1′ N., then steering [illegible] avoid the Oyster Reef in L[illegible] 92° 40′ East, which is distant fr[illegible] Light fifteen miles due West. [illegible] recommended, as although in [illegible] the Savage Light is seen ou[illegible] 16 to 17 fathoms water, th[illegible]

India, Deptt.

decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Nortward of Lat. 20° 1′, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.

JAMES PATERSON,
Comdr. H. Co.'s Ship Amherst.

SIR,—With reference to your letter No. 261, of the 28th July last, I am directed by the Deputy Governor to forward copy of a petition from the Principal Merchants and Capitalists of Calcutta, representing the inconvenience to which they are subjected by the refusal of Collectors to receive a deposit of Company's Paper duly endorsed, as security for the payment of Land Revenue, and to inform the Board that His Honor is pleased to authorize Collectors at any time before sun-set of the day preceding the fixed day of sale, to receive as a deposit from any party not a Proprietor of the Estate in arrear, a Government Promissory Note or Notes, duly endorsed to the Collector, of sufficient market value to cover the arrear; the said Note or Notes being sold and the proceeds carried to the credit of the Estate, unless the arrear shall have been liquidated by a Proprietor of the Estate before sun-set as aforesaid, under the rule laid down in Section IX. Regulation XII. 1841.

2. It will of course be the duty of the Collectors, the Commissioner, and the Board, to see that the consideration thus extended to the Merchants, Capitalists and Traders at large, by these orders, is not abused, or made use of in a manner calculated to interfere with the punctual realization of the Revenue at the Quarterly Sales.

NOTIFICATION.

AN Examination will be held on the 1st day of July next, in the College of Fort William, for the purpose of filling up existing Vacancies in the Secondary or Military class of the Medical College—all Candidates will be expected to possess an adequate knowledge of the Hindoostanee Language to enable them to read and write from dictation, or from a printed work in the Persian or Devanagri Characters.

All Interpreters of Regiments and Battalions are requested not to grant Certificates of Qualification to any Candidates under the age of 15, and above that of 20 years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with Certificates who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this that the above measure has been suggested.

Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper Descriptive Roll may be prepared for transmission to the Examiners of the College of Fort William.

By Order of the Hon'ble the President and Council of Education,

FRED. J. MOUAT, M. D., *Secretary.*

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding ½ an ounce, 8 Annas,... (1 Shilling)
Above ½, and not exceeding 1 ounce,
1 Rupee, ... (2 Shillings)
Above 1, and not exceeding 2 ounces,
2 Rupees,..... (4 Shillings)
Above 2, and not exceeding 3 ounces,
3 Rupees,..... (6 Shillings)
And so on, increasing 1 Rupee,..... (2 Shillings) for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Mail, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,
" *Via Southampton.*"

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Bentinck and Hindostan.

Deputy Posty Master.

Long. 93° 3′ E., then standing along the Coast to the Northward and Westward about five or six miles off Shore, until the Light is sighted on the Great Savage, at the entrance of the Arracan River, then steer so as to bring it to bear N. by East or N. N. E., and if they intend to run in during the night, with either of these bearings they will cross the bar in the best water, in three fathoms low water spring tides.

After deepening across it, the course should be altered to N. by W. or even N. N. W., according to the state of the Tide and Sea at the time to avoid the Western Rocks (above water) bearing from the Light S. W. ½ S., distant nearly half a mile; the Flood Tide sets in on these Rocks.

When the Light bears East in six to nine fathoms on the edge of the flat to the Westward, the course must be altered to N. N. E. and N. E. by N., having brought the Light to bear S. E. by S. ½ S. the Ship will be inside of Passage Rock, which is five to seven feet above water, and bears from the Savage Light N. W. ½ N., distant a quarter of a mile, and should then steer N. E. Easterly, to avoid the Reef projecting from Mosque Point a mile in extent to the South; some of the Rocks are above water at half ebb. There is a Red Buoy placed on the Southern entrance in about nine fathoms, which with attention may be seen in a clear night without the Moon, and after bringing Mosque Point to bear N. W. by N. to N. W. the Ship should anchor.

On Mosque Point a small Light House is nearly finished, the Light of which will be a deep red, and will be seen about [illegible] miles or three miles beyond the bar as a leading mark to clear the Western Rocks, keeping it a little open to the Westward of the Savage Light when steering in or out, also to point out when the Ship is inside of the Reef off Mosque Point. With this Light bearing N. W. by N. to N. W. is good Anchorage, having excellent holding ground and perfectly sheltered from the Sea.

A stranger should not attempt to run in at night, particularly in the rains, except at high or low water, as the ebb tide runs very rapidly in strong eddies off the Passage Rock, over the dangerous flat to the Westward, and the flood in strong eddies upon the Rocks.

During the N. E. Monsoon Ships bound to Akyab, from the Northward, should endeavour to make the Table Land of the Western Bolongo in Lat. 20° 1′ N., then steering due East they will avoid the Oyster Reef in Lat. 20° 5′ N. Long. 92° 40′ East, which is distant from the Savage Light fifteen miles due West. This course is recommended, as although in favorable weather the Savage Light is seen outside the Reef in 16 to 17 fathoms water, the depth suddenly decreases, and the probability of hazy or rainy weather would prevent the Light being seen, and steering boldly in to sight it, to the Northward of Lat. 20° 1′, would endanger the safety of the Vessel, by suddenly falling upon the Oyster Rock or Reef before sighting the Light House.

I would not advise strangers on any occasion to make use of the Channel inside of the Oyster Rock or Reef.
